Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1580L.—2nd June, 1932.—The following report of the Select Committee on the Bengal Local Self-Government (Amendment) Bill, 1932, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Local Self-Government (Amendment) Bill, 1932.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Local Self-Government (Amendment) Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 17th February, 1932, have the honour to submit this our report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 11th February, 1932.

2. The Committee met for the first time on the 29th February, and concluded its sittings on the 8th March, 1932.

3. We consider that the Bill has been so altered as to require republication.

4. The changes made in the Bill are detailed below :—

Clauses 5A and 8.—The amendment in the new clause 5A, substituting the Local Government for the Commissioner, and the similar amendment made in clause 8, are consequential on the change made in clause 7.

Clause 7.—We consider that the power of appointing members to make up the proportion of elected members of a District or Local Board at a second election should rest with the Local Government instead of with the Commissioner, and sub-section (*2*) of section 10 has been altered accordingly.

Clause 11.—*Section 16A.*—The majority of us are opposed to the provision made in section 16A, requiring a deposit from a candidate for election to a Local Board. Section 16A has therefore been deleted.

Section 16B.—In our opinion the period for taking the oath should be extended to three months, but the member should take the oath at the first meeting which he attends, and section 16B has been altered in these respects.

The *Explanation* to section 16B does not appear to us to have any real value, and it has therefore been deleted.

Clause 13.—*Section 17A.*—The power to remove a member for misconduct has been given to the Local Government instead of to the Commissioner, subject to the same recommendations and right of being heard as are contained in section 17A.

We considered the advisability of defining "misconduct", but decided that no good purpose would be served by a definition in this respect, and that it would merely tend to raise complicated issues.

Clause 14.—*Section 18B(1).*—In our opinion the authority appointed under clause (*a*) of section 138 to decide disputes relating to elections should not necessarily be the District Magistrate, but a Tribunal of the nature contemplated by clause 34 of the Bengal Municipal Bill, 1932, and we recommend that this opinion may be borne in mind when rules are made under section 138 in this connection.

The new clause (*d*) in sub-section (*1*) of section 18B contains the further ground of an illegal nomination for declaring an election void, which appears to be required.

An addition has been made to sub-section (*1*) of section 18B to safeguard the previous proceedings of the local authority concerned when an election becomes void under the sub-section.

Section 18B (*2*).—Clause (*b*) of this sub-section has been deleted as being unreasonable.

Clause 15.—We consider that failure by an elected member of a District or Local Board to make an oath or affirmation of allegiance under section 16B should also be regarded as causing a casual vacancy, and the sub-section has been altered accordingly.

An inaccuracy in clause 15 has also been rectified.

Clause 17.—*Section 20B.*—In our opinion the Chairman and members of a District Board should be exempt from attendance at a registration office for the purpose of registering documents. In view of the recent amendments made in the Transfer of Property Act, 1882, a lease has to be executed both by the lessor and lessee, and such attendance would involve heavy expenditure when the registration office is a long way off. Section 20B has therefore been recast to meet this object. Under the revised provision the necessary requisition to the registering officer will bear the common seal of the District Board as well as the Chairman's signature.

As the proposed alterations in section 20B will require the previous sanction of the Governor General, as affecting the Indian Registration Act, 1908, under rule 2 of the Local Legislatures (previous sanction) Rules, we recommend that steps should be taken to obtain the necessary sanction.

Clause 19.—Sub-section (*2*) of section 23 has been altered in regard to the powers and duties of the Second Vice-Chairman of a District Board.

Clause 21.—A necessary alteration has been made so as to provide for notice to the Local Board as well as to the District Board in the case of resignation by the Chairman of a Local Board under section 27.

Clause 22.—We have restricted the application of the proposed sub-section (*4*) in section 29 to the absence of the Chairman only, as in our opinion, the provision is not required in regard to a Vice-Chairman.

Clause 23.—The object of the proviso which we have added to section 29AA is to keep the Chairman and Vice-Chairman in office until the new Chairman and Vice-Chairman are elected.

Clause 25.—*Section 30A.*—The object of the changes made by us in section 30A in regard to the holding of ordinary meetings of a District Board is to save the unnecessary expenses incurred under the existing system in calling meetings every month when there is not sufficient business to be transacted. Ten days' notice instead of three days' notice is to be given by the Chairman to members when there is not sufficient business for a meeting.

Section 30B.—We have provided that the requisition for a special meeting is to be signed by one-third of the members, and have extended to six weeks after the requisition the period within which the Chairman or Vice-Chairman is to call the special meeting.

Clause 29.—*Sub-clause* (*1*).—The word "and" has been omitted to make the meaning clear.

New sub-clause (*2a*).—In our opinion officers of a District Board who have been dismissed should have a right of appeal in accordance with rules under section 138, to the Commissioner or to the Local Government according to their rates of salary, and this has been provided for in the new proviso (*1a*) in section 33. The necessary consequential change has been made in section 138.

Sub-clause (*3*).—We have amplified sub-section (*2*) *in section 33* so as to make it applicable to Health Officers, District Engineers and other officers of a District Board, except officers exempted by the conditions of their service from the provisions of the sub-section.

In *sub-section* (*3*) *of section 33* the word "responsible" has been omitted as being inappropriate.

Clause 33.—The deletion of *sub-clause* (*c*) is a consequential amendment, resulting from the abandonment of the proposal to tax bullock carts—*see* the note in regard to clause 49.

Sub-clause (*d*).—We have not made any change in this sub-clause, but we wish to have it placed on record that in our opinion all contributions

made under sub-section (7) of section 52 should be regulated by rules under the Act, so that these contributions may not be spent on any purposes other than those for which they are intended.

Clause 34.—*Sub-clause* (2).—The specific reference to the District Engineer appears to be unnecessary, and has therefore been omitted.

New sub-clause (3).—The opportunity has been taken to delete sub-clause (*a*) of clause *Sixthly* of section 53 as the matter to which it refers is now obsolete.

New sub-clause (4).—The amendment contained in this sub-clause makes the District Fund applicable to the payment of daily halting allowances to members of District and Local Boards in carrying out any of the objects of the Act. The rates of such allowances will be regulated by the Local Government in accordance with the provision in that behalf at the commencement of clause *Sixthly* of section 53.

Clause 36.—*Sub-clause* (1).—The maximum number of members for the Finance Committee appointed under section 55 has been increased from seven to nine members.

New sub-clause (1a).—It is more appropriate that the officer appointed by the District Board under section 54 to keep the account books of the District Fund should produce the accounts of the Finance Committee for audit, and the last paragraph of section 55 has been altered accordingly.

New clauses 36A and 37A.—The references made to junior madrassahs in clause 36A and high madrassahs in clause 37A, bring section 62 and section 64 into line with present conditions.

Clause 37.—Clause (*b*) of section 63 has been recast, as in our opinion it is unnecessary to give grants-in-aid to schools and libraries outside the area under the authority of the District Board, and it is inappropriate to give them to libraries under private management, as there is no money available for this purpose and no real responsibility in regard to them. Under the revised clause (*b*) of section 63 libraries have been qualified in the same respects as the libraries referred to in clause 3 of the Bengal Village Self-Government (Amendment) Bill, 1932, as amended by the Select Committee on that Bill.

Clause 38.—*New sub-clause* (a1).—This amendment in clause (*b*) of section 64A is consequential on the changes made in clause 37.

Sub-clause (1).—The alterations made in this sub-clause are consequential on the change made by the new clause 36A.

Sub-clause (2).—We have re-inserted the proviso in a modified form so as to authorise a District Board with the sanction of the Local Government to provide scholarships at a school or institution outside India.

New Clause 38A.—This is a consequential amendment.

New Clause 38B.—The change made by us in the first paragraph of section 66 as to the consent of the District Board is obviously necessary.

Clause 40.—The amendment in section 73 has been recast in the form of an *Explanation*, so as to emphasise its retrospective application. The majority of us are in favour of the principle embodied in this clause, but consider that minerals should be excluded from its operation.

Clause 41.—In our opinion when the Local Government direct a District Board under section 74 to maintain and repair a road, the Local Government should decide as to the standard of maintenance.

Clause 43.—A slight verbal amendment has been made in the proviso to section 86 in order to make the meaning clear.

Clause 45. *Section 86AAA.*—We consider that the District Magistrate should have a discretion in regard to the matters referred to in this section, and the section has been altered accordingly.

We also think that the prohibited limit should be one mile instead of two miles.

Clause 49.—The majority of us agreed that it is not equitable to tax villagers in District Board areas in respect of bullock carts. Clause 49 containing the proposals to tax bullock carts has therefore been omitted.

Clause 52.—In our opinion the provisions of sub-section (*3*) of section 90 should not be applicable to private tanks, and the last three lines of that sub-section have therefore been deleted.

The question of fishery rights was raised in connection with clause 52, but the majority of us agreed that no exceptions are necessary in this respect.

Clause 53.—*Section 90A.*—We have substituted the District Health Officer for the Chief Medical Officer.

Section 90B. Sub-section (*1*).—We have altered the method for making requisitions under this sub-section on the lines of section 27 of the Bengal Village Self-Government Act, 1919.

New sub-section (*1a*).—We have provided that when the owner or occupier fails to comply with a requisition under section 90B(*1*), the District Board may itself take the necessary steps to carry out the work.

Sub-section (*2*).—We have made an addition to this sub-section in order to enable the owner or occupier of the property to get it back by paying the costs of the works.

Clause 54.—*Section 91, sub-section* (*3*).—In our view the District Board should have a discretion in regard to the appointment of Sanitary Inspectors, and the sub-section has been altered in this respect.

Clause 57(b).—We have made a necessary verbal amendment in the revised clause (*3d*) in section 100.

Clause 58.—*Sections 100A and 100B.*—It was suggested that sections 100A and 100B should be recast so as to restrict them to sanitation and morality: but the majority of us consider that they should apply to all fairs, *melas*, private *huts* and markets, as in the Bill.

The majority of us agreed that the reference to "any person" is not suitable as licenses should not be granted to persons who are not owners or lessees. It was therefore decided by a majority that section 100B should be omitted and that section 100A should be altered so as to apply only to owners or lessees. The revised section 100A provides for the necessary fees in the case of licenses granted under the section.

Section 100D.—One mile has been substituted for two miles in consequence of the change made in section 86AAA in clause 45.

Clause 61.—*Sub-clause* (*1*). *Section 131.*—We consider that the period for supersession of a District Board or Local Board under this section should be limited to three years.

Clause 65.—*Sub-clause* (*1*).—This sub-clause has been deleted owing to our decision to omit section 16A in clause 11 regarding deposits by candidates.

The new *sub-clause* (*1a*) has been inserted in consequence of the changes made by us in section 33 in clause 29 in regard to appeals by dismissed officers.

Clause 68.—*Fourth Schedule.*—Item 5 in Part II has been omitted, as we consider that a candidate should not suffer for mischief done by a third party.

N.B.—The signatures of Sir Lancelot Travers, Babu Satish Chandra Ray Chowdhury, Mr A. F. M. Abdur-Rahman, Babu Nagendra Narayan Ray and Mr. Sarat Chandra Bal had not been received up to the time of printing the Report.

Minute of dissent by the Hon'ble Mr. Bijoy Prasad Singh Roy.

I am of opinion that further consideration should be given to the retention in the Bill of provisions for the deposit of security by candidates for election and for empowering District Boards to impose a tax on bullock carts.

Minute of dissent by Mr. Sarat Kumar Roy, M.L.C.

I sign my name subject to the following minute of dissent :—

I consider that in clause 11 proposed section 16A ought to be retained, as certain restrictions ought to be made to ensure *bona fides*.

Clause 40.—I consider that when no acquisition of land under the Land Acquisition Act has been made, this clause will interfere with private rights.

I recommend that after the words "excluding minerals therein" in the last line of the "Explanation," the words "and fishery rights" be added.

Clause 45, proposed section 86AAA.—I consider that ferry rights where they existed from beforehand should not be interfered with, as that will infringe the private rights of individuals.

Clause 49.—I consider that the bullock carts which actually ply for hire ought to be taxed, though to a moderate extent, as the bullock cart owners in question derive profits by using the District Board roads. The carts also cause a great deal of damage to the roads necessitating considerable expenses on the part of District Boards for their repairs.

In clause 52 in proposed section 90(3) the words "except fishery rights where such rights existed from before" be added after the words "or channel" in the last line, as I consider this is very important from the point of view of the owners of such rights.

Clause 58, proposed section 100A.—I consider this as seriously interfering with private rights. I think that the existing fairs or *melas* or private *hats* or markets should be exempted from the operations of this clause. If insertion of this clause be however deemed absolutely necessary from the point of view of public health and morality, there ought to be sufficient safeguards to see that no abuse be made in the exercise of such power on the part of District Boards. I would suggest therefore that a right of appeal to the District Magistrate or the Divisional Commissioner should be provided and also right to sue in Civil Court in case the licences are improperly withheld should be expressly reserved.

Clause 58, proposed section 100C.—I consider that the penalties imposed for the infringement of the provisions of this clause are rather heavy. So I suggest that the fine may not extend to over one hundred rupees and that in the case of a continuing breach, to a daily fine not exceeding ten rupees.

Clause 58, proposed section 100D.—In my opinion the words "provided such a ferry or ferries existed beforehand" ought to be added at the end, as I consider, otherwise, private rights will be interfered with.

Minute of dissent by Rai Satish Chandra Mukherji Bahadur, M.L.C.

Clause 5A.—As section 7 has been affected, I would propose that the proportion of elected and appointed members should be fixed by the section, the former being two-thirds and the latter one-third of the number.

Clause 6.—I shall change clause (*2*) of the proviso to section 9 wholly and make it run thus : "Every person of the age of 21 years resident within the subdivision for which a Local Board has been established shall if possessing any of the qualifications mentioned in sub-section (*1*) of section 7 of the Bengal Village Self-Government Act, 1919, or has paid licence tax in respect of a trade dealing or industry carried on within such subdivision or possessing a clear annual income from any source of not less than Rs. 250 or is a graduate or licentiate of any university or holds a certificate as a pleader or mukhtear, subject to the provisions of section 15A, be entitled to be a member of the Local Board if duly elected thereto."

Clause 13.—In proposed section 17A insert the words "at which two-thirds of members of the said Board shall be present and" after the words "made at a meeting."

Clause 14.—I do not see the necessity of retaining this sub-section (*2*) of proposed section 18B. If under sub-section (*1*) an election is liable to be declared void under clauses (*a*), (*b*), or (*c*) and the said grounds are exclusive, then every election not declared void under any of the said grounds shall necessarily be maintained and accordingly sub-section (*2*) seems to be redundant.

Clause 18.—I think the time has come when all Chairmen shall be elected and the provision relating to appointment under section 22 shall be abolished.

Clause 19.—I am opposed to the election of a second Vice-Chairman under proposed sub-section (*2*) of section 23 which is unnecessary.

Section 23A.—I would give another chance to a Board failing to elect a Chairman or Vice-Chairman as is given to a Local Board under section 25 of the Act.

I would also add a definition of the expression "fails to elect" to this effect—"fails to elect" means failure of attendance at a meeting to elect and does not mean and include a case where an election is set aside.

Section 29, sub-section (1).—For the words "a new Chairman be elected" I would substitute the words "the vacancy shall be filled up by election." I would make the same substitution in sub-sections (*2*) and (*3*) of the same section.

Clause 42.—In proposed sub-section (*2*) of section 78A I would insert the words "or part of a road" after the words "any such road."

Section 87.—I would add the following words at the end of the section "and to frame suitable by-laws for discharging its duties and performing its functions."

Section 91, sub-section (3).—The District Health Officer and Sanitary Inspectors should be entitled to enter any place and dwelling house if necessary for discharging their duties and in the case of a dwelling house should give the ladies of the house sufficient and ample opportunity for the purpose of the seclusion.

Clause 65.—In section 138 I do not agree to the question as regards determining the authority who shall decide disputes relating to such elections to be governed by such rules framed by the Local Government under section 138 of the Act. I would name the authority in the body of the section which will decide such disputes and I would make this authority consisting of three persons, the District Judge to be the President, one Subordinate Judge and another Judicial Officer whom the District Judge shall select and the decision of such authority shall be final.

The Fourth Schedule, item 4 of Part II.—I would omit this item. The conditions in this country are so divergent from those in England and often the distances to be measured to record votes are so great that to ensure proper attendance of electors conveyance arrangement must be made and in generality of cases the elector being very poor, this must be done by the candidate at his own cost. This is too well known and this is always done.

Minute of dissent by Rai Satyendra Kumar Das Bahadur, M.L.C.

I do not agree with the majority report so far as the deletion of the new section 16A as proposed in clause 11 of the Bill is concerned. I consider it a useful safeguard against frivolous candidature and as such it should be retained.

I fully endorse the note of dissent of Rai K. C. Banerji Bahadur on this question as well as on the new section 33(*3*) proposed in Bill, clause 29(*3*), which provides for the transfer of an employee from one District Board to another. In the proposed new section provision has been made so that in case of transfer, an employee of the District Board may retain all his rights in respect of any provident fund monies accruing to him through service under the Board from which he is transferred. I would suggest that the provision should include leave also so that an officer may not forfeit the privileges in that behalf to which he is entitled under the Board from which he is transferred.

I sign the report subject to the above minute of dissent.

Minute of dissent by Rai Keshab Chandra Banerji Bahadur, M.L.C.

I sign this report subject to the following minute of dissent :—

In my opinion, the proposal contained in clause 11 of the Bill for the insertion of a new section 16A, requiring all candidates for election to deposit a prescribed sum with the District Magistrate, was very sound. This provision is calculated not only to operate as a check upon bogus candidature but upon a certain class of candidates who would like to make a political capital out of such an election.

This is necessary for the prevention of corrupt practices also for which a provision has been made in the Bill. If the new sections 16B and 18B are to be strictly enforced, there should certainly be a provision for security deposit as proposed in section 16A.

The new section 33(*3*) as proposed in clause 29(*3*) of the Bill provides for the transfer of an employee from one District Board to another. This transfer may either be for the mutual benefit of the employees concerned or in the interest of one or other of the District Boards. Then, take for instance the case of an officer of a District Board appointed by a sister Board in a vacancy in the office of the latter. In such a case, instead of appointing an officer from outside, the District Board will certainly find it advantageous to appoint one who has been in the employ of some other Board and has acquired experience in District Board work. In none of these three cases should an officer be made to forfeit the privileges to which he is entitled by reason of his previous service. In this connection, Bengal Government letter No. 290T.M., dated the 8th June, 1896, addressed to the Accountant-General, Bengal, may be referred to.

My point is that the concessions allowed by the Government then and even now under that circular should not only not be withdrawn but explicitly provided for in the Act which has not been amended since. Let me quote, *in extenso*, paragraph 6 of this letter :—

"The case of employees whose whole service has been rendered under local authorities is, however, different. Their appointments cease when they resign the service of the local authority and they have no claim as of right to pay and travelling allowance while joining an appointment under another local authority, for they hold no appointment while in transit. When, however, the transfer is made in the interests of the local authority the officers concerned may, with the special sanction of Government, be permitted to draw transit pay and travelling allowance and to count their past service as qualifying for leave. The pay and allowances (including leave allowances) will be a charge on the Board whose service such officers join, and each case should be submitted to Government for orders, with an explanation of the reasons which render the transfer advisable."

I am aware of several cases where the concessions were granted by Government to an officer who had taken up service in one Board after relinquishing his previous appointment under another.

It will, therefore, be a retrograde step and will operate harshly upon a particular officer if the privileges to which he is entitled under the orders of Government are withdrawn by legislative enactment.

I am, therefore, strongly of opinion that in the new section 33(3), the words "Leave and" should be inserted before the words "provident fund monies."

Minute of dissent by Dr. Naresh Chandra Sen Gupta, M.L.C.

I think the introduction of section 16B by clause 11 to be useless and impolitic. So far as the duty of allegiance sought to be imposed by the oath is concerned it is by the law of the land an absolute duty of the subject, as established by the decision in Ameer Khan's case and numerous other cases. The oath of allegiance adds nothing to that legal obligation, specially having regard to the fact that there is no law which imposes a penalty for mere breach of oath apart from the ordinary penalties for sedition which are imposed irrespective of any antecedent oath. The duty to discharge the duties also is one which is always implied, and having regard to the absence of any penalty in law for the violation of the oath, the provision is useless.

The oath is an archaism surviving from the days when moral and even legal obligations pressed for less on the conscience of people than fears of supernatural consequences. And in those days people who took a false oath or broke his oath were supposed to incur condign punishment not only in the next world but even in this. We have gone very far from those days and at the present moment, while promises and moral obligations are *per se* considered far more binding, a formal oath has sunk to the level of an empty formality, which like the rudimentary organs of men survive when they serve no useful function.

While the imposition of the oath would thus serve no useful purpose it might be very harmful in two ways. On the one hand, it may open a new door to perjury and help further to undermine the regard of men for honesty and truth in public affairs, on the other hand, it will furnish a useful handle to those who want to cause mischief. This wholly useless formality may yet form a very helpful bone of contention to men who are bent on raising a quarrel, with consequences which may prove disastrous to the cause of local administration in the province.

All these years there have been no occasion on which any inconvenience has been caused by the absence of the oath. The introduction of this clause would give no benefit which we do not already have. It would simply be inviting trouble.

In clause 36, the provision for unlimited halting allowances seems to me to be likely to encourage the undue protracting of sitting of the Finance Committee by the less scrupulous members. I am against this innovation, but if halting allowances are paid some reasonable maximum ought to be imposed.

In clause 41, while the municipality may be made to contribute to the cost of maintenance of a road in which it is interested, it is to say nothing about the standard at which it is maintained. I think that some provision ought to be made enabling the municipality to lay down the standard of maintenance.

In clause 54, I think the District Health Officer should be made an *ex-officio* member.

Minute of dissent by Mr. Saileswar Singh Roy, M.L.C.

As regards proposed section 16A in clause 11 the Select Committee has decided to omit altogether from the Bill any provision for deposit by a candidate for election to a Local Board. I cannot agree with this decision of the Committee. Absence of any such provision from the new Act would give rise to unnecessary complications and great practical difficulties. There would be no check on persons becoming candidates with the sole object of harassing serious and desirable candidates. Several persons not really desirous to get themselves elected may stand with a spirit of mischief alone at heart against a desirable candidate. This would minimise the chance of success of proper persons.

I am therefore for the retention of such provisions for deposit, which in my opinion should not be less than rupees one hundred.

In clause 25 in proposed section 30A I would suggest that for the words "if unavoidable circumstances necessitate it" the words "if the Chairman thinks, under unavoidable circumstances, that it is necessary to hold the meeting" be substituted.

My reasons for such changes are very simple. In the proposed amendment of the Select Committee it is not clear who would decide whether the circumstances have really become unavoidable or not, and it is therefore necessary to make it explicit. So I mention that such decision will lie with the Chairman.

In the last portion of the first paragraph of proposed section 30A a special provision is made empowering the Vice-Chairman to call a meeting of the Board in the absence of the Chairman. I think it is not necessary to put in any such special power in the new Act. But if it is thought desirable, I would suggest the following changes in the amended Bill. In that case, the words "from the province or in any other case when empowered by the Chairman" be added after the words "Vice-Chairman."

With reference to clause 58, proposed section 100A, I think that no such power should be given to the District Boards. Such powers would, I am afraid, be an encroachment upon the private rights of persons owning *hats*, etc. Besides that, these powers will be mechinary for unnecessary interference with and victimisation of some persons who would perhaps hold a different political opinion or would belong to a different party. This is sure to increase litigation and bring in its train more misery than good which is expected of it.

This will be resented by all present owners of such properties.

It is in the interest of both the Boards and the owners that I would suggest that such powers over the existing *hats* and *bazars* should be omitted from the Bill.

Minute of dissent by Khan Bahadur Maulvi Hafizur Rahman Chaudhuri, M.L.C.

I have signed the report subject to the following minute of dissent :—

In clause 27, proposed section 31B empowers the Chairman of a District Board to delegate all of his powers or duties to the Vice-Chairman for an indefinite period of time. This is apparently open to grave objection inasmuch as it would enable a nominal Chairman to be absent from the district for any length of time much to the detriment of the interest of the Board. In my opinion it is essentially necessary that the Chairman of a District Board must habitually be a resident of the district and that permission of the Board should always be asked for in case the period of his absence from the district extends more than one month at a stretch or three months in a year.

The Bill should therefore be so amended as to include the above proposals.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhuri, M.L.C.

Clause 41.—Definition of road has not been given in the Bill as an explanation to section 74 on the lines of definition given in the Bengal Municipal Act. This definition should have been given in the Bill. There are various kinds of roads metalled, embanked, fair weather, etc. In order to avoid any difficulty of interpretation some such definition or explanation is necessary.

Clause 49.—The provisions for registration, etc., of bullock carts have been deleted by the Select Committee. These carts cause greatest damage to roads. These provisions should have been retained.

Minute of dissent by Khan Bahadur Muhammad Abdul Momin, M.L.C.

I object to the new section 100A (clause 58 of the Bill) requiring the owner of every *hat*, etc., to register their *hats* and obtain a licence from the District Board. I consider this as an unwarranted imposition and an unfair infringement of private rights. I would not, however, object to give the District Board power to interfere and enforce hygienic conditions in a public *hat* or *mela* and also to prohibit prostitution within it. I would suggest modification of section 100A as follows :—

"100A. It shall be lawful for a District Board to require the owner or the lessee of a fair or *mela* or a private *hat* or market, or an owner or a lessee of land intending to establish a fair or *mela* or a private *hat* or market thereon to make proper sanitary arrangements, to remove any insanitary conditions which may exist and to forbid prostitution within such *mela*, *hat* or fair."

Minute of dissent by Maulvi Abdul Hakim, M.L.C.

I sign the report of the Select Committee with the following remarks. The amendment of the Local Self-Government Act is no doubt a matter of great concern to us, but this amendment will not serve the real purpose, unless the following suggestions are embodied in it, namely,

(1) the introduction of the system of direct election (election by people) in the District Boards, (2) abolition of Local Boards, (3) the debarment of a nominated member from becoming the Chairman or the Vice-Chairman of the District Board, (4) the minimisation of the number of nominated members in the District Board, and (5) the lowering of the franchise.

A general election is likely to send comparatively better men to the District Board. It is generally noticed that even an influential and well-to-do bribetaker or a tout having intimacy or relationship with influential villagers who guide the poor, simple and illiterate voters at the time of election, can easily secure the Local Board election in the small thana area, mainly through the influence of these villagers, by defeating an honest and popular candidate simply because the latter is not so well-to-do and cannot spend much money at the election and does not exercise undue influence as the former does in that small area. But such money spent and such undue influence exercised in a small area is not likely to cause much harm to an honest and popular candidate for the District Board membership, if the constituency be a larger one as a result of direct election. In fact, if direct election is introduced in the District Board, it is hoped that the administration of District Boards will be carried on more efficiently than it is now, by more deserving and popular members, and no District Board will then be liable to supersession.

Nowadays when the Union Boards are being widely established in every district, the works of Local Boards can be done better through the Union Boards and after early formation of Union Boards in non-Union Board areas, the Local Boards may be altogether abolished. In my opinion a Union Board with its present enlarged powers and functions can be of greater benefit to the village people than a Local Board in Bengal. The simple and illiterate cultivators, who form the bulk of the population, but who some time before did not even know what the word "vote" signifies, are gradually acquiring political training through these Union Boards and are thus realising the great idea as to how this mighty empire is governed. The outstanding importance of Union Boards is that if any Union Board member does anything dishonestly, the villagers find good opportunity to confront him in the village footpath for giving him sufficient warning for his future good conduct or for having the wrong redressed by him without delay and difficulty.

Members nominated by Government are not generally so popular and so public-spirited as elected members. A nominated member may be an honest man but still he is not free from Government influence, and consequently a nominated member should not be the Chairman or President in any self-governing institution, just as a nominated member cannot be the President or a Minister in the Legislative Council.

In all self-governing bodies the number of members nominated by Government should not be as large as is existing now. In my opinion there should be no other Government nominees in a District Board except the Civil Surgeon or at most the Subdivisional Officers of the district.

As regards franchise, my submission is that it should be lowered in order to make the election more popular and efficient. It should be extended to all adult males and females paying the minimum of eight annas as union rate or road cess in the district. Indeed, the matter of lowering the franchise should be one of the most important factors in this amendment.

If my suggestions are deemed to be outside the scope of the present amendment, my alternative suggestion is that the Hon'ble Minister in charge of the Bill should not be in a hurry for this amendment, but he should await the result of the report to be shortly submitted by the Franchise Committee of the Round Table Conference so that necessary conformity may be maintained, if required with the enlarged franchise in the coming autonomous legislatures

If these suggestions are not considered or in the alternative if this Bill be not postponed till the publication of the report of the Franchise Committee, I am sure the burning democracy of the present century will call for a further amendment of this Act, causing loss of both money and energy on the part of the Government again in the near future.

Minute of dissent by Maulvi Syed Nausher Ali, M.L.C.

I am sorry I could not attend all the meetings of the Committee for various reasons. Nor have I been able to study the report carefully owing to my illness from which I have not yet fully recovered. I am, therefore, compelled just to make a few general observations. The proposed amendment only goes half way.

The Act should have been thoroughly amended including the constitution of the District and Local Boards and the latter should have been abolished. The franchise, too, should have been extended and provision for appointment by the executive should have been deleted. Some other sections also that are untouched should have been amended.

I do not agree in all the recommendations. I shall try to bring suggestions up before the Council at the time of consideration of the report.

Minute of dissent by Maulvi Syed Majid Baksh, M.L.C.

I sign the report subject to the following minute of dissent :—

In clause 13, proposed section 17A should be omitted. I do not agree with the principle of giving power to a body of removing its own member or of recommending removal of its member by an adverse vote. The member really represents his constituency and it is the constituency that is competent to censure him. To give that power to any other body is unconstitutional and is unheard of in any representative institution in the world.

Minute of dissent by Munindra Deb Rai Mahasai, M.L.C.

Clause 16, proposed section 19A (3).—In my opinion no case has been made out to justify the extension of the term of office of the members of the District Boards and Local Boards from three to four years. In the Bengal Municipal Bill, 1932, the existing term of office of Commissioners for three years has been retained. In the Corporation of Calcutta the term of office of Councillors is three years. In the Provincial Legislative Councils and the Indian Assembly, the term of office of members is also three years. I do not see any reason why this uniformity should be disturbed and the members of District Boards and Local Boards should have different terms of office. Three years of office was quite sufficient for any public body and its prolongation was not at all desirable in the best interests of the public.

Clause 58.—The other point of difference was the insertion of new sections 100A and 100C. I cannot understand why it shall be lawful for a District Board to require the owner or the lessee of a private *hat* or market to obtain a licence in this behalf from the District Board on such terms and conditions and on payment of such fees as the Local Government may prescribe and if any person holds a private *hat* or market without or otherwise in conformity with the terms of a licence granted under section 100A, he shall be liable to fine which may extend to two hundred rupees, and in the case of a continuing breach, to a daily fine not exceeding twenty-five rupees. In my opinion, it would be a matter of considerable hardship and harassment to penalise the owners of existing *hats* and markets. It may be lawful for the District Boards to enforce rules of sanitation prescribed for the *hats* and markets and to prosecute the owners or the lessees for their infringement, but that does not justify them to compel the owners of existing *hats* and markets to take out licence on payment of fees and to impose heavy fines if they failed to do so. This was neither fair nor equitable.

Minute of dissent by Babu Kishori Mohan Chaudhuri, M.L.C.

I sign the report with the minute of dissent as noted below :—

I think clause 19 should be deleted. The appointment of a second Vice-Chairman is not very necessary. It would simply weaken the authority and position of the first Vice-Chairman. The several sub-committees are quite sufficient for the help of the Vice-Chairman.

Clause 29(3).—In proposed sub-section (*3*) of section 33 for the word "any" the words "past service and" should be substituted.

Clause 30 appears to be incomplete.

In sub-clause (*b*) of clause 33 after proposed clause (*3b*) of section 52, the following clause (*3c*) should be inserted :—

"(*3c*). The fees and fines under sections 100A, 100C and 100D."

In clause 43 in the proposed proviso to section 86 for the word "ten" the word "fifteen" should be substituted as under the existing rules.

In sub-clause (*2*) of clause 44 in proposed clause (*ai*) of section 86A for the words "or reconstructed," the words "reconstructed or improved" should be inserted. Sub-clause (*2*) (*c*) of clause 44 should be deleted.

In clause 45 in proposed section 86AAA for the words "one mile" the words "two miles" should be substituted.

In clause 58, proposed section 100A should be recast and restricted to sanitation and morality only.

In clause 58 in proposed section 100D for the words "one mile" the words "two miles" should be substituted.

Minute of dissent by Maulvi Syed Jalaluddin Hashemy, M.L.C.

Clause 11.—I consider that the insertion of new sections 16A and 16B is quite unnecessary. Sections 16A and 16B indirectly aim at depriving a certain group of people from entering the local bodies either on account of their poverty or on account of their political opinion.

THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1932.

Removal of member for misconduct.

The Bengal Local Self-Government (Amendment) Bill, 1932.

(Clause 14.)

Insertion of new section 18B.

14. After section 18A of the said Act, the following section shall be inserted, namely :—

"18B. (*1*) Save as hereinafter provided in this section, if, after due inquiry, the authority appointed under clause (*a*) of section 138 to decide disputes relating to elections under this Act is of opinion that— [*Cf.* Ben Act III of 1923, s. 47]

(*a*) the election of a returned candidate has been procured or induced, or the result of the election has been materially affected, by a corrupt practice, or

(*b*) any corrupt practice specified in Part I of the Fourth Schedule has been committed, or

(*c*) the result of the election has been materially affected by any irregularity in respect of a nomination paper, or by the improper reception or refusal of a vote, or by any non-compliance with the provisions of this Act or the rules made thereunder, or by any mistake in the use of any form prescribed for an election, or

(*d*) the nomination of an elected member has not been legally made,

the election of the returned candidate shall be void, provided that the previous proceedings of the local authority concerned shall not be deemed to be affected thereby in any respect.

Resolution on the Final Report on relief operations in the district of Tippera.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

RESOLUTION No. 427 T.—R.

Darjeeling, the 25th May 1932.

Final Report on relief operations in the district of Tippera.

READ—Letter No. 456 R., dated the 11th March 1932, from the Commissioner of the Chittagong Division, submitting a final report on the relief operations in the district of Tippera during the year 1931.

The report deals with the operations for the relief of the distress which prevailed in the district in the year 1931. The areas affected were the whole of the Matlab and Kachua police-stations, about two-thirds of the Hajiganj police-station, the northern half of the Chandpur police-station and parts of the Daudkandi, Homna, Debidwar, Muradnagar, Burichang and Chandina police-stations within the Sadar subdivision. About a lakh of people were affected.

In 1929 and 1930 successive floods in the river Gumti damaged jute and Aus paddy, the Aman paddy crop partially failed in certain areas in 1930, and in May 1931 heavy rain damaged Aus paddy in part of Daudkandi. Thus the unsatisfactory situation due to the fall in the price of jute and consequent scarcity of money was aggravated by failure of crops. The distress began to increase in intensity from March 1931 but began to abate with the harvesting of the jute and Aus crops, and by the end of the year owing to a good Aman crop conditions had greatly improved.

The following measures were taken to relieve the distress :—

Gratuitous relief.—A sum of Rs. 1,470 was spent in giving gratuitous relief to sick and disabled persons numbering 914. Besides this some private persons distributed over 700 maunds of rice amongst the destitute and needy.

Test relief.—Test relief works consisted of the construction and repair of roads and the excavation of tanks. A sum of Rs. 10,000 was advanced by Government during 1931 to the District Board for opening test relief works. Out of this a sum of Rs. 6,913 was actually spent by the District Board. The work done totalled 48,074 days at 30 different centres. The test works did not attract a very large number of workers and attendance soon began to fall off.

Agricultural loans.—A sum of Rs. 80,000 was distributed as agricultural loans.

The Divisional Commissioner made a tour in the affected areas.

The Governor in Council is satisfied that the measures taken for the relief of distress were successful and adequate. He desires to record his appreciation of the good work done by the local officers, by the District Board and by the Relief Committees.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette*.

Secretary to the Government of Bengal.

SCHEDULE I.

SCHEDULE II.

An Act to define and amend the law relating to partnership.

WHEREAS it is expedient to define and amend the law relating to partnership; It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

Short title, extent and commencement

1. (*1*) This Act may be called the Indian Partnership Act, 1932.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1st day of October, 1932, except section 69, which shall come into force on the 1st day of October, 1933.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) an "act of a firm" means any act or omission by all the partners, or by any partner or agent of the firm which gives rise to a right enforceable by or against the firm;

(*b*) "business" includes every trade, occupation and profession;

(*c*) "prescribed" means prescribed by rules made under this Act;

(*d*) "third party" used in relation to a firm or to a partner therein means any person who is not a partner in the firm; and

(*e*) expressions used but not defined in this Act and defined in the Indian Contract Act, 1872, shall have the meanings assigned to them in that Act. IX

Application of provisions of Act IX of 1872.

3. The unrepealed provisions of the Indian Contract Act, 1872, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to firms. IX of 1872.

CHAPTER II.

THE NATURE OF PARTNERSHIP.

Definition of "partnership", "partner", "firm" and "firm name"

4. "Partnership" is the relation between persons who have agreed to share the profits of a business carried on by all or any of them acting for all.

Persons who have entered into partnership with one another are called individually "partners" and collectively "a firm", and the name under which their business is carried on is called the "firm name".

Partnership not created by status.

5. The relation of partnership arises from contract and not from status;

and, in particular, the members of a Hindu undivided family carrying on a family business as such, or a Burmese Buddhist husband and wife carrying on business as such are not partners in such business.

Mode of determining existence of partnership.

6. In determining whether a group of persons is or is not a firm, or whether a person is or is not a partner in the firm, regard shall be had to the real relation between the parties, as shown by all relevant facts taken together.

Explanation 1.—The sharing of profits or of gross returns arising from property by persons holding a joint or common interest in that property does not of itself make such persons partners.

Explanation 2.—The receipt by a person of a share of the profits of a business, or of a payment contingent upon the earning of profits or varying with the profits earned by a business, does not of itself make him a partner with the persons carrying on the business;

and in particular, the receipt of such share or payment—

(*a*) by a lender of money to persons engaged or about to engage in any business,

(*b*) by a servant or agent as remuneration,

(*c*) by the widow or child of a deceased partner, as annuity, or

(*d*) by a previous owner or part owner of the business, as consideration for the sale of the goodwill or share thereof,

does not of itself make the receiver a partner with the persons carrying on the business.

Partnership at will.

7. Where no provision is made by contract between the partners for the duration of their partnership, or for the determination of their partnership, the partnership is "partnership at will".

Particular partnership.

8. A person may become a partner with another person in particular adventures or undertakings.

CHAPTER III.

RELATIONS OF PARTNERS TO ONE ANOTHER.

General duties of partners.

9. Partners are bound to carry on the business of the firm to the greatest common advantage, to be just and faithful to each other, and to render true accounts and full information of all things affecting the firm to any partner or his legal representative.

Duty to indemnify for loss caused by fraud.

10. Every partner shall indemnify the firm for any loss caused to it by his fraud in the conduct of the business of the firm.

Determination of rights and duties of partners by contract between the partners.

11. (*1*) Subject to the provisions of this Act, the mutual rights and duties of the partners of a firm may be determined by contract between the partners, and such contract may be express or may be implied by a course of dealing.

Such contract may be varied by consent of all the partners, and such consent may be express or may be implied by a course of dealing.

Agreements in restraint of trade.

(*2*) Notwithstanding anything contained in section 27 of the Indian Contract Act, 1872, such contracts may provide that a partner shall not carry on any business other than that of the firm while he is a partner. IX of 1872.

(*a*) every partner has a right to take part in the conduct of the business;

(*b*) every partner is bound to attend diligently to his duties in the conduct of the business;

(*c*) any difference arising as to ordinary matters connected with the business may be decided by a majority of the partners, and every partner shall have the right to express his opinion before the matter is decided, but no change may be made in the nature of the business without the consent of all the partners; and

(*c*) where a partner is entitled to interest on the capital subscribed by him such interest shall be payable only out of profits;

(*d*) a partner making, for the purposes of the business, any payment or advance beyond the amount of capital he has agreed to subscribe, is entitled to interest thereon at the rate of six per cent. per annum;

(*e*) the firm shall indemnify a partner in respect of payments made and liabilities incurred by him—

(*i*) in the ordinary and proper conduct of the business, and

(*ii*) in doing such act, in an emergency, for the purpose of protecting the firm from loss, as would be done by a person of ordinary prudence, in his own case, under similar circumstances; and

(*f*) a partner shall indemnify the firm for any loss caused to it by his wilful neglect in the conduct of the business of the firm.

The property of the firm.

14. Subject to contract between the partners, the property of the firm includes all property and rights and interests in property originally brought into the stock of the firm, or acquired, by purchase or otherwise, by or for the firm, or for the purposes and in the course of the business of the firm, and includes also the goodwill of the business.

Unless the contrary intention appears, property and rights and interests in property acquired with money belonging to the firm are deemed to have been acquired for the firm.

after the expiry of the term of the firm, and

(*b*) where a firm constituted for a fixed term continues to carry on business after the expiry of that term, the mutual rights and duties of the partners remain the same as they were before the expiry, so far as they may be consistent with the incidents of partnership at will; and

where additional undertakings are carried out.

(*c*) where a firm constituted to carry out one or more adventures or undertakings carries out other adventures or undertakings, the mutual rights and duties of the partners in respect of the other adventures or undertakings are the same as those in respect of the original adventures or undertakings.

CHAPTER IV.

RELATIONS OF PARTNERS TO THIRD PARTIES.

Partner to be agent of the firm.

18. Subject to the provision of this Act, a partner is the agent of the firm for the purposes of the business of the firm.

Implied authority of partner as agent of the firm.

19. (*1*) Subject to the provisions of section 22, the act of a partner which is done to carry on, in the usual way, business of the kind carried on by the firm, binds the firm.

The authority of a partner to bind the firm conferred by this section is called his "implied authority".

(*2*) In the absence of any usage or custom of trade to the contrary, the implied authority of a partner does not empower him to—

(*a*) submit a dispute relating to the business of the firm to arbitration,

(*b*) open a banking account on behalf of the firm in his own name,

(*c*) compromise or relinquish any claim or portion of a claim by the firm,

(*d*) withdraw a suit or proceeding filed on behalf of the firm,

(*e*) admit any liability in a suit or proceeding against the firm,

(*f*) acquire immoveable property on behalf of the firm,

(*g*) transfer immoveable property belonging to the firm, or

(*h*) enter into partnership on behalf of the firm.

Extension and restriction of partner's implied authority.

20. The partners in a firm may, by contract between the partners, extend or restrict the implied authority of any partner.

Notwithstanding any such restriction, any act done by a partner on behalf of the firm which falls within his implied authority binds the firm, unless the person with whom he is dealing knows of the restriction or does not know or believe that partner to be a partner.

Partner's authority in an emergency.

21. A partner has authority, in an emergency, to do all such acts for the purpose of protecting the firm from loss as would be done by a person of ordinary prudence, in his own case, acting under similar circumstances, and such acts bind the firm.

Mode of doing act to bind firm.

22. In order to bind a firm, an act or instrument done or executed by a partner or other person on behalf of the firm shall be done or executed in the firm name, or in any other manner expressing or implying an intention to bind the firm.

Effect of admissions by a partner.

23. An admission or representation made by a partner concerning the affairs of the firm is evidence against the firm, if it is made in the ordinary course of business.

Effect of notice to acting partner.

24. Notice to a partner who habitually acts in the business of the firm of any matter relating to the affairs of the firm operates as notice to the firm, except in the case of a fraud on the firm committed by or with the consent of that partner.

Liability of a partner for acts of the firm.

25. Every partner is liable, jointly with all the other partners and also severally, for all acts of the firm done while he is a partner.

Liability of the firm for wrongful acts of a partner.

26. Where, by the wrongful act or omission of a partner acting in the ordinary course of the business of a firm, or with the authority of his partners, loss or injury is caused to any third party, or any penalty is incurred, the firm is liable therefor to the same extent as the partner.

Liability of firm for misapplication by partners.

27. Where—

(*a*) a partner acting within his apparent authority receives money or property from a third party and misapplies it, or

(*b*) a firm in the course of its business receives money or property from a third party, and the money or property is misapplied by any of the partners while it is in the custody of the firm,

the firm is liable to make good the loss.

Holding out.

28. (*1*) Any one who by words spoken or written or by conduct represents himself, or knowingly permits himself to be represented, to be a partner in a firm, is liable as a partner in that firm to any one who has on the faith of any such representation given credit to the firm, whether the person representing himself or represented to be a partner does or does not know that the representation has reached the person so giving credit.

(*2*) Where after a partner's death the business is continued in the old firm name, the continued use of that name or of the deceased partner's name as a part thereof shall not of itself make his legal representative or his estate liable for any act of the firm done after his death.

Rights of transferee of a partner's interest.

29. (*1*) A transfer by a partner of his interest in the firm, either absolute or by mortgage, or by the creation by him of a charge on such interest, does not entitle the transferee, during the continuance of the firm, to interfere in the conduct of the business, or to require accounts, or to inspect the books of the firm, but entitles the transferee only to receive the share of profits of the transferring partner, and the transferee shall accept the account of profits agreed to by the partners.

(*2*) If the firm is dissolved or if the transferring partner ceases to be a partner, the transferee is entitled as against the remaining partners to receive the share of the assets of the firm to which the transferring partner is entitled, and, for the purpose of ascertaining that share, to an account as from the date of the dissolution.

Minors admitted to the benefits of partnership.

30. (*1*) A person who is a minor according to the law to which he is subject may not be a partner in a firm, but, with the consent of all the partners for the time being, he may be admitted to the benefits of partnership.

(*2*) Such minor has a right to such share of the property and of the profits of the firm as may be agreed upon, and he may have access to and inspect and copy any of the accounts of the firm.

(*3*) Such minor's share is liable for the acts of the firm, but the minor is not personally liable for any such act.

(*4*) Such minor may not sue the partners for an account or payment of his share of the property or profits of the firm, save when severing his connection with the firm, and in such case the amount of his share shall be determined by a valuation made as far as possible in accordance with the rules contained in section 48:

Provided that all the partners acting together or any partner entitled to dissolve the firm upon notice to other partners may elect in such suit to dissolve the firm, and thereupon the Court shall proceed with the suit as one for dissolution and for settling accounts between the partners, and the amount of the share of the minor shall be determined along with the shares of the partners.

(*5*) At any time within six months of his attaining majority, or of his obtaining knowledge that he had been admitted to the benefits of partnership, whichever date is later, such person may give public notice that he has elected to become or that he has elected not to become a partner in the firm, and such notice shall determine his position as regards the firm:

Provided that, if he fails to give such notice, he shall become a partner in the firm on the expiry of the said six months.

(*6*) Where any person has been admitted as a minor to the benefits of partnership in a firm, the burden of proving the fact that such person had no knowledge of such admission until a particular date after the expiry of six months of his attaining majority shall lie on the person asserting that fact.

(*7*) Where such person becomes a partner,—

(*a*) his rights and liabilities as a minor continue up to the date on which he becomes a partner, but he also becomes personally liable to third parties for all acts of the firm done since he was admitted to the benefits of partnership, and

(*b*) his share in the property and profits of the firm shall be the share to which he was entitled as a minor.

(*8*) Where such person elects not to become a partner,—

(*a*) his rights and liabilities shall continue to be those of a minor under this section up to the date on which he gives public notice,

(*b*) his share shall not be liable for any acts of the firm done after the date of the notice, and

(*c*) he shall be entitled to sue the partners for his share of the property and profits in accordance with sub-section (*4*).

(*9*) Nothing in sub-sections (*7*) and (*8*) shall affect the provisions of section 28.

CHAPTER V.

INCOMING AND OUTGOING PARTNERS.

Introduction of a partner.

31. (*1*) Subject to contract between the partners and to the provisions of section 30, no person shall be introduced as a partner into a firm without the consent of all the existing partners.

(*2*) Subject to the provisions of section 30, a person who is introduced as a partner into a firm does not thereby become liable for any act of the firm done before he became a partner.

Retirement of a partner.

32. (*1*) A partner may retire—

(*a*) with the consent of all the other partners,

(*b*) in accordance with an express agreement by the partners, or

(*c*) where the partnership is at will, by giving notice in writing to all the other partners of his intention to retire.

(*2*) A retiring partner may be discharged from any liability to any third party for acts of the firm done before his retirement by an agreement made by him with such third party and the partners of the reconstituted firm, and such agreement may be implied by a course of dealing between such third party and the reconstituted firm after he had knowledge of the retirement.

(*3*) Notwithstanding the retirement of a partner from a firm, he and the partners continue to be liable as partners to third parties for any act done by any of them which would have been an act of the firm if done before the retirement, until public notice is given of the retirement:

Provided that a retired partner is not liable to any third party who deals with the firm without knowing that he was a partner.

(*4*) Notices under sub-section (3) may be given by the retired partner or by any partner of the reconstituted firm.

Expulsion of a partner.

33. (*1*) A partner may not be expelled from a firm by any majority of the partners, save in the exercise in good faith of powers conferred by contract between the partners.

(*2*) The provisions of sub-sections (*2*), (*3*) and (*4*) of section 32 shall apply to an expelled partner as if he were a retired partner.

Insolvency of a partner.

34. (*1*) Where a partner in a firm is adjudicated an insolvent he ceases to be a partner on the date on which the order of adjudication is made, whether or not the firm is thereby dissolved.

(*2*) Where under a contract between the partners the firm is not dissolved by the adjudication of a partner as an insolvent, the estate of a partner so adjudicated is not liable for any act of the firm and the firm is not liable for any act of the insolvent, done after the date on which the order of adjudication is made.

Liability of estate of deceased partner.

35. Where under a contract between the partners the firm is not dissolved by the death of a partner, the estate of a deceased partner is not liable for any act of the firm done after his death.

Rights of outgoing partner to carry on competing business.

36. (*1*) An outgoing partner may carry on a business competing with that of the firm and he may advertise such business, but, subject to contract to the contrary, he may not—

(*a*) use the firm name,

(*b*) represent himself as carrying on the business of the firm, or

(*c*) solicit the custom of persons who were dealing with the firm before he ceased to be a partner.

Agreements in restraint of trade.

(2) A partner may make an agreement with his partners that on ceasing to be a partner he will not carry on any business similar to that of the firm within a specified period or within specified local limits; and, notwithstanding anything contained in section 27 of the Indian Contract Act, 1872, such agreement shall be valid if the restrictions imposed are reasonable. IX of 1872.

Right of outgoing partner in certain cases to share subsequent profits

37. Where any member of a firm has died or otherwise ceased to be a partner, and the surviving or continuing partners carry on the business of the firm with the property of the firm without any final settlement of accounts as between them and the outgoing partner or his estate, then, in the absence of a contract to the contrary, the outgoing partner or his estate is entitled at the option of himself or his representatives to such share of the profits made since he ceased to be a partner as may be attributable to the use of his share of the property of the firm or to interest at the rate of six per cent. per annum on the amount of his share in the property of the firm:

Provided that where by contract between the partners an option is given to surviving or continuing partners to purchase the interest of a deceased or outgoing partner, and that option is duly exercised, the estate of the deceased partner, or the outgoing partner or his estate, as the case may be, is not entitled to any further or other share of profits; but if any partner assuming to act in exercise of the option does not in all material respects comply with the terms thereof, he is liable to account under the foregoing provisions of this section.

Revocation of continuing guarantee by change in firm.

38. A continuing guarantee given to a firm, or to a third party in respect of the transactions of a firm, is, in the absence of agreement to the contrary, revoked as to future transactions from the date of any change in the constitution of the firm.

CHAPTER VI.

DISSOLUTION OF A FIRM.

Dissolution of a firm.

39. The dissolution of partnership between all the partners of a firm is called the "dissolution of the firm".

Dissolution by agreement.

40. A firm may be dissolved with the consent of all the partners or in accordance with a contract between the partners.

Compulsory dissolution.

41. A firm is dissolved—

(*a*) by the adjudication of all the partners or of all the partners but one as insolvent, or

(*b*) by the happening of any event which makes it unlawful for the business of the firm to be carried on or for the partners to carry it on in partnership:

Provided that, where more than one separate adventure or undertaking is carried on by the firm, the illegality of one or more shall not of itself cause the dissolution of the firm in respect of its lawful adventures and undertakings.

Dissolution on the happening of certain contingencies.

42. Subject to contract between the partners a firm is dissolved—

(*a*) if constituted for a fixed term, by the expiry of that term;

(*b*) if constituted to carry out one or more adventures or undertakings, by the completion thereof;

(*c*) by the death of a partner; and

(*d*) by the adjudication of a partner as an insolvent.

Dissolution by notice of partnership at will.

43. (*1*) Where the partnership is at will, the firm may be dissolved by any partner giving notice in writing to all the other partners of his intention to dissolve the firm.

(*2*) The firm is dissolved as from the date mentioned in the notice as the date of dissolution or, if no date is so mentioned, as from the date of the communication of the notice.

Dissolution by the Court.

44. At the suit of a partner, the Court may dissolve a firm on any of the following grounds, namely:—

(*a*) that a partner has become of unsound mind, in which case the suit may be brought as well by the next friend of the partner who has become of unsound mind as by any other partner;

(*b*) that a partner, other than the partner suing, has become in any way permanently incapable of performing his duties as partner;

(*c*) that a partner, other than the partner suing, is guilty of conduct which is likely to affect prejudicially the carrying on of the business, regard being had to the nature of the business;

(*d*) that a partner, other than the partner suing, wilfully or persistently commits breach of agreements relating to the management of the affairs of the firm or the conduct of its business, or otherwise so conducts himself in matters relating to the business that it is not reasonably practicable for the other partners to carry on the business in partnership with him;

(*e*) that a partner, other than the partner suing, has in any way transferred the whole of his interest in the firm to a third party, or has allowed his share to be charged under the provisions of rule 49 of Order XXI of the First Schedule to the Code of Civil Procedure, 1908, or has allowed it to be sold in the recovery of arrears of land-revenue or of any dues recoverable as arrears of land-revenue due by the partner; V of 1908.

(*f*) that the business of the firm cannot be carried on save at a loss; or

(*g*) on any other ground which renders it just and equitable that the firm should be dissolved.

Liability for acts of partners done after dissolution.

45. (*1*) Notwithstanding the dissolution of a firm, the partners continue to be liable as such to third parties for any act done by any of them which would have been an act of the firm if done before the dissolution, until public notice is given of the dissolution:

Provided that the estate of a partner who dies, or who is adjudicated an insolvent, or of a partner, who, not having been known to the person dealing with the firm to be a partner, retires from the firm, is not liable under this section for acts done after the date on which he ceases to be a partner.

(*2*) Notices under sub-section (*1*) may be given by any partner.

Right of partners to have business wound up after dissolution.

46. On the dissolution of a firm every partner or his representative is entitled, as against all the other partners or their representatives, to have the property of the firm applied in payment of the debts and liabilities of the firm, and to have the surplus distributed among the partners or their representatives according to their rights.

Continuing authority of partners for purposes of winding up.

47. After the dissolution of a firm the authority of each partner to bind the firm, and the other mutual rights and obligations of the partners, continue notwithstanding the dissolution, so far as may be necessary to wind up the affairs of the firm and to complete transactions begun but unfinished at the time of the dissolution, but not otherwise:

Provided that the firm is in no case bound by the acts of a partner who has been adjudicated insolvent; but this proviso does not affect the liability of any person who has after the adjudication represented himself or knowingly permitted himself to be represented as a partner of the insolvent.

Mode of settlement of accounts between partners.

48. In settling the accounts of a firm after dissolution, the following rules shall, subject to agreement by the partners, be observed:—

(*a*) Losses, including deficiencies of capital, shall be paid first out of profits, next out of capital, and, lastly, if necessary, by the partners individually in the proportions in which they were entitled to share profits.

(*b*) The assets of the firm, including any sums contributed by the partners to make up deficiencies of capital, shall be applied in the following manner and order:—

(*i*) in paying the debts of the firm to third parties;

(*ii*) in paying to each partner rateably what is due to him from the firm for advances as distinguished from capital;

(*iii*) in paying to each partner rateably what is due to him on account of capital; and

(*iv*) the residue, if any, shall be divided among the partners in the proportions in which they were entitled to share profits.

Payment of firm debts and of separate debts.

49. Where there are joint debts due from the firm, and also separate debts due from any partner, the property of the firm shall be applied in the first instance in payment of the debts of the firm, and, if there is any surplus, then the share of each partner shall be applied in payment of his separate debts or paid to him. The separate property of any partner shall be applied first in the payment of his separate debts, and the surplus (if any) in the payment of the debts of the firm.

Personal profits earned after dissolution.

50. Subject to contract between the partners, the provisions of clause (*a*) of section 16 shall apply to transactions by any surviving partner or by the representatives of a deceased partner, undertaken after the firm is dissolved on account of the death of a partner and before its affairs have been completely wound up:

Provided that where any partner or his representative has bought the goodwill of the firm, nothing in this section shall affect his right to use the firm name.

Return of premium on premature dissolution.

51. Where a partner has paid a premium on entering into partnership for a fixed term, and the firm is dissolved before the expiration of that term otherwise than by the death of a partner, he shall be entitled to repayment of the premium or of such part thereof as may be reasonable, regard being had to the terms upon which he became a

partner and to the length of time during which he was a partner, unless—

(*a*) the dissolution is mainly due to his own misconduct, or

(*b*) the dissolution is in pursuance of an agreement containing no provision for the return of the premium or any part of it.

Rights where partnership contract is rescinded for fraud or misrepresentation.

52. Where a contract creating partnership is rescinded on the ground of the fraud or misrepresentation of any of the parties thereto, the party entitled to rescind is, without prejudice to any other right, entitled—

(*a*) to a lien on, or a right of retention of, the surplus of the assets of the firm remaining after the debts of the firm have been paid, for any sum paid by him for the purchase of a share in the firm and for any capital contributed by him;

(*b*) to rank as a creditor of the firm in respect of any payment made by him towards the debts of the firm; and

(*c*) to be indemnified by the partner or partners guilty of the fraud or misrepresentation against all the debts of the firm.

Right to restrain from use of firm name or firm property.

53. After a firm is dissolved, every partner or his representative may, in the absence of a contract between the partners to the contrary, restrain any other partner or his representative from carrying on a similar business in the firm name or from using any of the property of the firm for his own benefit, until the affairs of the firm have been completely wound up:

Provided that where any partner or his representative has bought the goodwill of the firm, nothing in this section shall affect his right to use the firm name.

Agreements in restraint of trade.

54. Partners may, upon or in anticipation of the dissolution of the firm, make an agreement that some or all of them will not carry on a business similar to that of the firm within a specified period or within specified local limits; and notwithstanding anything contained in section 27 of the Indian Contract Act, 1872, such agreement shall be valid if the restrictions imposed are reasonable. IX of 1872.

Sale of goodwill after dissolution.

55. (*1*) In settling the accounts of a firm after dissolution, the goodwill shall, subject to contract between the partners, be included in the assets, and it may be sold either separately or along with other property of the firm.

Rights of buyer and seller of goodwill.

(*2*) Where the goodwill of a firm is sold after dissolution, a partner may carry on a business competing with that of the buyer and he may advertise such business, but, subject to agreement between him and the buyer, he may not—

(*a*) use the firm name,

(*b*) represent himself as carrying on the business of the firm, or

(*c*) solicit the custom of persons who were dealing with the firm before its dissolution.

Agreements in restraint of trade.

(*3*) Any partner may, upon the sale of the goodwill of a firm, make an agreement with the buyer that such partner will not carry on any business similar to that of the firm within a specified period or within specified local limits, and, notwithstanding anything contained in section 27 of the Indian Contract Act, 1872, such agreement shall be valid if the restrictions imposed are reasonable. IX of 1872.

Resolution on the Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1931.

GOVERNMENT OF BENGAL.

Political Department.

Jails.

CALCUTTA, THE 8th JUNE, 1932.

RESOLUTION—No. 3347P.J.

Read—

The Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1931.

Read also—

Reports for the years 1929 and 1930 and the Resolutions of Government thereon.

1. For the first two months of the year 1931, the civil disobedience movement continued to make itself felt as the major problem of the Jail Department. It is true that after the end of 1930 the number of civil disobedience prisoners admitted to jail was negligible, which was in itself a reliable indication that enthusiasm for the movement was on the wane, but the department had still on its hands a large number of such prisoners sentenced to comparatively long terms of imprisonment in 1930. Therefore, although there was no longer any ground for anxiety on account of the amount of accommodation available, it was still deemed advisable to continue to keep open the special jail and additional special jail at Dum Dum, the additional special jail at Hijli and the special jail at Berhampore.

2. The process of ordinary releases had brought the number of civil disobedience prisoners down to about 2,000 at the beginning of March, when the termination of the negotiations between the Government of India and Congress led to the issue of an order for the release after the 7th March, of all civil disobedience prisoners except those convicted for offences involving violence. District Magistrates were consulted immediately regarding all those cases and, with the least possible delay, as many as 1,850 prisoners were released, leaving only 60 who had been guilty of offences involving violence to serve out their sentences. Such was the completeness and the promptitude with which this order was carried out by Government that even the Congress Press had little comment to offer on the manner in which the releases had been effected.

3 The first result of the cessation of hostilities was the closing down in April of all the special jails. Those members of the staffs who had been temporarily employed were discharged, while those who had been brought in from other jails to strengthen the administration of the special jails were recalled to their normal duties, leaving only skeleton staffs to guard the buildings of the special jails. In November the Political Department took over the special jail at Berhampore, which was capable of holding 866 prisoners, for use as a detention camp. Before the close of the year it had become apparent that, owing to the resumption of civil disobedience, the Jail Department would in 1932 have to meet a challenge at least as strong as that of 1930, and the department was already making arrangements for the provision of additional accommodation. It has been learnt by experience that, in order to deal adequately with a civil disobedience movement, it is essential to have accommodation in special jails for at least 5,000 prisoners. Given that and sufficient time to recruit warders and mobilise other members of the staffs and sufficient money in the shape of grants, and the Jail Department can absorb the abnormal influx of prisoners without unduly upsetting its equilibrium. The regrettable result of such abnormal conditions is, of course, that all the intellect, all the experience and all the resources of the department are diverted from their real task, the modernising of our penal system, to a repeated checkmating of Congress.

4. While dealing with the question of special jails attention is drawn to the fact that, if the present rate of increase

of ordinary prisoners is maintained, it may become necessary to keep one special jail open to relieve the permanent overcrowding of other jails. The impossibility of finding funds for important schemes of the department which aim at increasing the number of and accommodation in central jails will probably drive the department to make use of a special jail for that purpose.

5. It has already been stated that the number of civil disobedience prisoners admitted in 1931 was very small, so that figures of admissions for that year relate almost exclusively to ordinary prisoners. In 1929 the number of convicts admitted to jail was 37,000, in 1930 when the figures were swollen by the civil disobedience movement the number was 66,600, while in 1931 it was 50,900. An increase of about 14,000 over the figure for the normal year 1929 may be partly explained by the economic depression prevailing in 1931, but there can be no doubt that a large portion of it is due to that unleashing of general lawlessness which always accompanies an unlawful political movement and which usually remains as an aftermath which Government has to deal with long after the movement itself has subsided.

6. In order to relieve the continued pressure on available accommodation it was found necessary to have in November a delivery of prisoners on the lines of that of the preceding year. Strict rules were laid down defining the classes whose cases could be considered for release, and 1,278 convicts in all were set free some time before the expiry of their sentences. One inevitable result of overcrowding is that it renders it impossible for Superintendents of Jails to segregate habitual prisoners from non-habituals, undertrial prisoners from convicts and adolescents from adults. Overcrowding also enhances the difficulty of maintaining that standard of orderliness and discipline which should be a feature of a well-organised administration functioning in reasonably normal conditions.

7. It is regretted that this year as in previous years this resolution must lay stress on two undesirable features of the report. These are the continued increase in the number and duration of the detention of undertrial prisoners and in the number of cases in which short-term sentences have been imposed. Even when compared with the figures for 1930, when there was some justification for delay in disposing of criminal cases, the figures for 1931 show a marked increase, while if we go back to 1926 we find that since that year this figure has been almost doubled. Any excess of undertrial prisoners over the accommodation provided for them in a particular jail involves an encroachment on accommodation reserved for convicts which persists till such time as the prisoners have been either acquitted or convicted and can be transferred to some other place where accommodation is available. Regarding the number of short-term sentences it will suffice to record that in 1929 the number of persons sentenced to terms of imprisonment of less than one month was 6,700, in 1930 it was 8,200 while in 1931 it had still further advanced to 9,300. Such sentences have obviously no penal effect, they introduce to the undesirable environment of jail persons who should if possible be dealt with otherwise, while they impose on the jail staff a burden of work out of all proportion to their importance. These features have often been dealt with in previous resolutions and must again be brought to the notice of the Judicial Department.

8. There has been in 1931 a gratifying falling off in the number of convicts of less than 16 years and also of youthful convicts between the ages of 16 and 21. The high figure for last year was due to Congress propaganda which induced many children and young boys to court imprisonment.

9. The Borstal School at Bankura, in spite of lack of funds and shortage of staff, continued, with the support of its energetic managing committee, its enlightened work of reforming youthful prisoners. The school provides classes in the vernacular languages, arithmetic and also in industrial subjects such as weaving, tailoring, book-binding, carpentry, laundry and gardening. Unfortunately the number of orders for goods received from Government departments and the public has not sufficed to keep the industrial classes busy, and it is hoped that in future there will be an improvement in this respect so that the boys may be kept engaged on instructive

and useful employment. The After-care Association, although faced with much apathy, on the part of the general public, has given its devoted and ungrudging assistance to the Borstal School in its efforts to find permanent employment for boys who have passed its course. It is gratifying to record that, as the result of those efforts, the major portion of the boys have been reclaimed and given a good start on the path to useful citizenship.

10. Trade depression which made itself felt in the restriction of the sale of goods at the Borstal School produced similar results on the manufacturing side of the Jail Department. The total amount earned in 1931 was only Rs 3,37,000 compared with Rs. 4,48,000 in 1930. This drop was due to the paucity of the orders received from jails and other departments in the Presidency

11 The most notable figure under the head "Expenditure" was Rs 30,27,000 for guarding and maintaining prisoners, which was three lakhs lower than the figure for 1930, while the amount spent on dietary in 1931 was about 2½ lakhs less than in 1930. These substantial decreases were due partly to the fall in the number of prisoners and partly to lower prices of foodstuffs.

12. There was an appreciable falling off in the number of punishments inflicted upon warders. This is a good sign, but in order to ensure a contented warder staff it is desirable that the scheme for providing them with married quarters should not be unduly delayed for lack of funds.

13 As compared with the previous year about 2,000 fewer punishments were imposed on prisoners. This was not due to any improvement in behaviour but merely to the decrease in numbers of those imprisoned. Only on four occasions was whipping resorted to for jail offences.

14 In 1931 the death rate per mille was 11·5, which is a more satisfactory figure than that achieved in any previous year except 1930, when it attained the abnormally low level of 9·30. Such results are proof of the way in which the Inspector-General and each Superintendent devote their energies without reserve to the maintenance of a high standard both of health and sanitation. The figures in themselves are sufficient refutation of those biassed and misinformed allegations of neglect and maltreatment of prisoners which so often appear in irresponsible sections of the Press. A scheme has been drawn up for ridding the Jessore Jail and its immediate neighbourhood of malaria, but owing to lack of funds the scheme has been temporarily held in abeyance.

15. As in previous years every facility has been accorded to prisoners to enable them to observe their respective religious practices as far as this was consistent with the observance of existing rules and the maintenance of discipline. In pursuance of this policy Hindu and Muhammadan honorary religious instructors have been permitted to visit prisoners on Sundays and leading festivals in order to impart moral teaching and spiritual guidance.

16 Lt.-Col. R. E. Flowerdew, I.M.S., assumed charge as Inspector-General of Prisons on the 9th March 1931, and has since then had to deal with a situation fraught with much difficulty. The Superintendents and their staffs have, particularly at the commencement and the conclusion of the year under report, been subjected to a strain almost as severe as that of 1930. They have performed their tasks with patience and devotion to duty and the Governor in Council has found particular pleasure in reading the names of those officers whose outstanding records of service have earned them special mention in the report of the Inspector-General.

ORDER.—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered that a copy of this resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

Appendix No. 27.

(Fundamental Rules 116 and 117.)

Government of India, Finance Department, resolution No. F. 81-R.I./24, dated the 11th February 1929.

In supersession of the rates of contribution for pension and leave-salary, fixed in Government of India, Finance Department, letters No. 64-E.B., dated the 27th January 1922, and No. F. 81-C.S.R./24, dated the 4th August 1924, for officers other than military officers in foreign service, the Governor-General in Council is pleased to prescribe, with reference to Fundamental Rules 116 and 117, as amended by the Secretary of State in Council in his Resolution, dated the 5th September 1928, and published with the Government of India, Finance Department, resolution No. F 81-R.I./24, dated the 1st November 1928, the rates of contributions shown in the Annexure to this Appendix. The general principles on which the revised rates have been calculated are explained below.

2. The rates of contribution for pension have been based on the pensionary benefit admissible to an officer according to the service or the grade to which he belongs instead of on the actual pay drawn in foreign service, as was the case with the rates which are now being superseded. The pensionary benefit admissible to a member of the Indian Civil Service has been taken at £1,000 per annum, which is the amount of full pension earned by him after 25 years' service; and to a member of any of the Superior Civil Services other than the Indian Civil Service, Rs. 8,800 per annum, which is made up of Rs. 7,000 earned by him as ordinary pension after 30 years' service, and Rs. 1,800, the estimated amount of additional pension, which is earned on the average by members of these services who are transferred to foreign service. The pensionary benefit admissible to a member of a Provincial or Subordinate Service has been taken to be one-half of the maximum pay of the grade substantively held by him in Government service. The reason for calculating the rates of contribution in respect of members of these two classes of services in a manner different from that adopted in the case of other services is that in their case pension is not subject to any fixed maximum. The rates have been calculated in sterling where the pension is a sterling pension or is payable in sterling at a privileged rate of exchange, and the calculations have been so made as to provide a sliding scale of contribution according to length of service roughly parallel to the annual increase of pay in Government service.

3. The rates of contribution for leave-salary have been calculated, as before, on the basis of actual pay drawn in foreign service. The increase in these rates is due to the fact that, when the previous rates were calculated, the more liberal leave rules of 1920 and 1922 had just been introduced, and there were no data on which to base an estimate of the amount of leave which an officer would normally take under these rules. It has now become possible to gauge with fair accuracy the amount of leave taken by officers of the various services, and the revised rates are based equitably on recent experience.

4. The rate of interest adopted in the calculations is 4½ per cent. per annum, and the rates of mortality assumed for the various classes of Government servants are based on expert actuarial advice.

5. The revised rates take effect from the 1st March 1929. The question, however, of the rates at which contribution for pension will be recovered in the case of Government servants transferred to foreign service before the 5th September 1928, who do not belong to the Superior Services and who retire either directly at the end of their present sanctioned term of foreign service or within three years of its conclusion and are entitled, in accordance with the provisions of the old Fundamental Rule 116, to a pension calculated wholly or partly, as the case may be, on their pay in foreign service, is still under consideration, and the decision arrived at will be announced in due course.

6. The rates of contribution for pension and leave-salary in respect of military officers in foreign service are at present under revision, and will be promulgated as soon as possible.

7. A Government servant who is a subscriber to a Contributory Provident Fund and who is transferred to foreign service will, if he is allowed to retain that privilege, continue to pay such monthly subscriptions as he would have paid from time to time had he not been transferred to foreign service. The foreign employer, or the officer himself, according to the arrangement made under clause (*c*) of Fundamental Rule 115, will in addition pay, at such times as Government may prescribe in each case, a contribution equal in amount to what Government would have contributed to his account in the fund had he not been transferred to foreign service.

(1) (*a*) The term "active foreign service" used in the Annexure is intended to include the period of joining time which may be allowed to an officer both on the occasion of his proceeding to and reverting from foreign service, and accordingly contributions are leviable in respect of such periods.

(*ii*) "Length of Service" means the total period running from the date from which service for pension commences or is likely to commence, including service counting for pension under articles 370 and 371, Civil Service Regulations.

(*iii*) The sterling rates of pension contribution shown in the Annexure should be converted into Indian Currency at the uniform rate of 1*s*. 6*d*. to the rupee.

(*iv*) The revised rates of contributions are intended to apply with effect from the 1st March 1929 to all Government servants transferred to foreign service on or after the 27th January 1922, subject to the exception mentioned in paragraph 5 of this Appendix. In this connection attention is invited to the Government of India, Finance Department, letter No. 1391-C.S.R., dated 17th August 1923 (*vide* item (1) of "Government of India's decisions" under Fundamental Rule 109), according to which an extension of the period of foreign service on or after the 1st January 1922 is treated as a fresh transfer for the purposes of Fundamental Rule 109.

(*v*) Under Fundamental Rule 116, the rates of contributions for pension and leave-salary fixed in Government of India, Finance Department, letters No. 64-E.B., dated the 27th January 1922, and No. F.81-R.I./24, dated the 4th August 1924 [items (1) and (2), of "Government of India's orders" under Fundamental Rule 116], are hereby prescribed as the rates applicable during the period 5th September 1928 to 28th February 1929.

(*vi*) In the case of a temporary Government servant who is transferred to foreign service, it is for the Local Government concerned to decide whether or not to recover pension contribution having regard to the probabilities of the Government servant qualifying for a pension. If it is decided to recover such contributions they should be calculated with reference to his length of service in the following manner:—

(*a*) if he is on a time-scale of pay, on the maximum of time-scale, and

(*b*) if he is on a fixed rate of pay, on that pay.

In such cases the recovery of contributions for leave-salary does not present any difficulty, the amounts being calculated on the pay actually drawn in foreign service.

(Government of India, Finance Department, letter No. F.I.-XI-R.I./29, dated the 17th May 1929.)

(2) The Governor-General in Council has decided that when a Government servant is transferred to foreign service, or when the period of foreign service of a Government servant is extended, it should be stipulated that contributions for pension and leave-salary or for pension alone, as the case may be, will be recoverable at the rates in force from time to time in accordance with orders issued under Fundamental Rule 116.

(Government of India, Finance Department, No. F.-1-XXIV-R.I./29, dated the 23rd August 1929.)

(3) The maxima rates of pay prescribed in paragraph 3 of the Government of India, Finance Department, letter No. F.-81-C.S.R./24, dated the 4th August 1924 [item (2) of the "Government of India's orders" under Fundamental Rule 116] do not apply to the revised rates of contribution for pension and leave-salary announced in the Government of India, Finance Department, resolution No. F.-81-R.I./24, dated the 11th February 1927.

(Government of India, Finance Department, No. F.-I-XI-R.I./29, dated the 6th July 1929.)

(4) the Government of India have now considered the question referred to in paragraph 5 of this department resolution of the 11th February 1929—the consideration of which was deferred till a settlement was effected with the Government of Iraq—and have decided that on the analogy of the settlement made with that Government contribution for pension should, in the case of officers belonging to the category mentioned in that paragraph and serving elsewhere than in Iraq, also be recovered, with effect from the 1st March 1929, in accordance with the rates prescribed in that resolution. In respect of the period prior to the 1st March 1929 it is not proposed to make any adjustments with other foreign employers, whether in or out of India of contributions in respect of Government servants lent to them.

(Government of India, Finance Department, No. F. 81-R.I./24, dated the 4th June 1931.)

Page 190—F. R. 127.—*Insert* the following under this rule:—

(1) In consequence of the amendment of old Fundamental Rules 116 and 117, the words "Rule 117" in Fundamental Rule 127 should have been altered to "Rule 116" with effect from the 5th September 1928, and steps will be taken to have this amendment made as early as possible. Pending the amendment, the rates of contributions to be levied under Fundamental Rule 127 shall, with effect from the 5th September 1928, be those prescribed under new Fundamental Rule 116.

(Government of India, Finance Department, letter No. F.I.-XI-R.I./29, dated the 17th May 1929.)

(2) As regards pension contribution, the Governor-General in Council has decided that in the case of members of the Indian Civil Service, the amount to be recovered as contribution should be the average of the rates prescribed in columns 2 and 3 of the first table in the Annexure to the Government of India, Finance Department, resolution No. F.-81-R.I./24, dated the 11th February 1929 [section I of the Annexure to the Appendix No. 27], and in the case of members of other Superior Services, the average of the rates laid down in columns 4 and 5 of that table.

In the case of members of Provincial/Subordinate Services, a fraction of the total maximum monthly pay of all the sanctioned posts equal to the average of the percentages, laid down in column (2)/(3) of the table in section II of the Annexure to the Appendix No. 27, should be levied as contribution.

As regards contributions for leave-salary, the rate to be applied in calculating the amount to be levied as contribution should be the average of the rates prescribed for officers subject to the special and ordinary leave rules.

(Government of India, Finance Department, No. F.I.-XI-R.I./29, dated the 17th June 1929, and even No., dated the 4th September 1929.)

(5) (*a*) The additions made before the 1st August 1913 are subject to the rates prescribed in the original Fifth Edition of the Civil Service Regulations even though the incumbents may change or any further additions be made to the additional establishment—*vide* Note 3 to article 783, Civil Service Regulations.

(*b*) The rates of contributions applicable to the additions made on or after the 1st August 1913 and before the 27th January 1922 are those prescribed in Articles 769 and 770, Civil Service Regulations (Fifth Edition—Reprint), irrespective of any change of incumbents or further additions to the additional establishment.

M. HIDAYET HOSAIN,

Registrar, Board of Central Madrasah Examination, Bengal, and Principal, Calcutta Madrasah.

Chittagong Division.

Chittagong, the 16th June 1932.

Rules for the guidance of private candidates for the Matriculation Examination of 1933.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bonâ-fide* school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Date of examination—5th, 6th, 7th, 8th and 9th December 1932.

Female candidates are not required to undergo any Test Examination.

3. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 15th November 1932.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1931 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

5. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 2 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1933, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

1. The term "appointment" in clause (1) of paragraph 1 of the Resolution includes promotion from one service to another and/or from one time-scale to a higher one but does not include promotion to the selection grade of a service.

2. The Resolution shall not apply in the cases enumerated below:—

(*i*) A person whose letter of appointment to a post was issued before 21st July 1931 but who joined the appointment after that date.

Chittagong, the 16th June 1932.

Rules for the guidance of private candidates for the Matriculation Examination of 1933.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bonâ-fide* school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below:—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Date of examination—5th, 6th, 7th, 8th and 9th December 1932.

Female candidates are not required to undergo any Test Examination.

3. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 15th November 1932.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1931 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

5. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 2 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1933, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1692L.—27th June, 1932.—The following report of the Select Committee on the Bengal Municipal Bill, 1932, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Municipal Bill, 1932.

We, the members of the Select Committee of the Bengal Legislative Council, to which the Bengal Municipal Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 1st April, 1932, have the honour to submit this our report with a copy of the Bill, as amended by us, annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets, and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, on the 18th March, 1932.

2. The Committee met for the first time on the 9th May, 1932, and finished detailed consideration of the Bill at meetings held on the 10th to 14th, 18th to 20th May, 1932.

3. We do not consider that the Bill has been so altered as to require republication.

4. We recommend that the Bill as amended be passed by the Council.

5. The following are the principal changes made in the Bill :—

Clause 2 proviso.—The expression "and are not inconsistent with" has been deleted in order to save the constitution, etc., of the existing municipalities until these are formed under the new Act.

Clause 3.—In *sub-clause* (*6*) "bicycles" and "tricycles" have been mentioned to exclude the possibility of these being classified as carts and taxed as such.

Sub-clause (*43*) has been recast to make it more clear.

In *sub-clause* (*44*) new *clause* (*cc*) has been inserted to include a passage connecting two public streets within the definition.

Tols have been included in the definition of schools in *sub-clause* (*47*) to make it more comprehensive.

Sub-clause (*58*) has been revised, the power of the Local Government to fix another date for a year other than the financial year being omitted. It is desirable that all municipalities should observe the financial year.

Clause 5.—In this clause and in clauses 46, 81, 135 (*3*), 270, 299 and 541, the addition of the words "and shall not be questioned in any court" has been made to prevent litigation over these matters.

Clause 6, proviso (iii).—The alteration made is with the object of making the intention clearer.

Clause 17.—In *sub-clause* (*1*) (*i*) and (*ii*) the word "territorial" has been omitted to extend the scope of this clause.

Clause 17A.—This new clause reproduces the principle underlying sub-clause (*2*) of clause 18 and gives power to the Government to make provision for representation of a minority community in a municipality.

Clause 18.—The addition made in *sub-clause* (*1*) is with the object of giving power to the Local Government to fix the number of Commissioners to be elected from each ward of a municipality.

Clause 19.—In order to secure the purity of election the duty of the preparation of the electoral roll has been entrusted to a committee of three persons instead of to the Chairman alone.

Clause 20.—The disqualification of women to stand as candidates for election as Commissioners has been removed, as there is no longer any justification for excluding women from these offices.

Clause 21.—The franchise has been extended to women by removing their disqualification to be voters at municipal elections.

Payment of any sum, however small in amount, as municipal rates, tolls, fees and taxes by persons who are residents for a period of 12 months immediately preceding the election has been made one of the qualification of voters.

The mere payment of income-tax as a qualification of a voter has been omitted as in several cases refunds are claimed and obtained although income-tax is paid by deduction at the source on some incomes which are not really assessable to income-tax.

The educational qualification of voters has been reduced to the passing of Matriculation or equivalent examination of the Calcutta and Dacca Universities.

Clause 22 (2).—"District Magistrate" has been substituted for "Commissioners of Divisions" as being more suitable.

The explanation to *sub-clause (3)* has been omitted in consequence of the alteration made in *clause 52 (5)*.

Clause 22A.—Provision has been made for deposit of rupees one hundred by candidates to avoid candidates filing candidatures without *bona fide* intention of contesting the election.

Clause 24.—The word "secret" has been omitted as unnecessary and provision has been made for preventing more than one vote being given to any one candidate.

Clause 26.—In *sub-clause (1) (iv)* the word "threatens" has been added to complete the sense.

Sub-clauses (1) (vii) and *(viii)* have been omitted as they are not appropriate for municipal elections.

Clause 33. In this clause the deposit has been reduced to fifty rupees. As it would not be possible for the Judge to arrive at a finding in respect of the matters referred to in proviso (c) without giving a hearing to the parties, this provision has been incorporated in *clause 35*.

Clause 41.—The alterations made are purely consequential.

Clause 42.—*Sub-clauses (2), (3)* and *(4)* have been omitted as it is not desirable that the election of Chairman shall be subject to the approval of the Local Government.

Clause 43.—New *sub-clause (2)* makes it clear that the appointment of Chairman by the Local Government is to be ordinarily confined to a non-official Commissioner of the municipality. The other changes are purely consequential.

Clause 45.—The provisions relating to the appointment of a second and third Vice-Chairman have been omitted as being undesirable.

Clause 48.—The words "and thereafter.....Commissioner" have been deleted as being unnecessary.

Clause 49.—The provision about the approval of the Local Government to the delegation of powers to the Vice-Chairman has been deleted as it was unduly restrictive. A proviso has been added, however, to give this power to the Local Government in case of a Chairman appointed under *clause 43*.

Clause 50. - The proviso has been omitted in consequence of the alteration made in *clause 45*.

Clause 52.—In *sub-clause (1) (b)* the omission is consequential upon the change made in *sub-clause (5)*. The words "of a Commissioner or" have been omitted in *sub-clause (5)* as it is not necessary to extend the term of office of any individual Commissioner.

Clause 53.—The *Explanation* has been transferred to the end of *clause 58 (2)* as being more appropriate there.

Clause 54.—The reference to section 36 has been omitted as being unnecessary. For the words "declared void" the words "set aside" have been substituted as being more appropriate.

Clause 55.—The alterations are purely consequential.

Clause 57.—The proviso has been omitted as it is no longer necessary. The election of Chairman is not subject to the approval of the Local Government.

Clause 58.—*Sub-clause* (*a1*) is new and is on the lines of *clause 57* (*1*).

In *sub-clause* (*1*) the expression "of any disgraceful conduct" has been omitted as it is vague and indefinite. The removal of a Commissioner for misconduct has been made subject to a recommendation by a two-thirds majority of the Commissioners at a special meeting.

In *sub-clause* (*2*) (*a*) the disqualification is now confined to conviction of an offence involving moral turpitude and the inquiry by the Local Government has been omitted. These changes will give further security to the position of municipal Commissioners.

In *sub-clause* (*2*) (*c*) absence from meetings for three months continuously has been made the ground for removal. Six consecutive meetings as in the original Bill may be held within a short time.

The words "otherwise.....Division" have been omitted from *sub-clause* (*2*) (*e*) as they are considered undesirable.

Clause 63.—It is considered desirable that the appointment of Executive Officer, Secretary, etc., to be made on the requisition of Government should be made only after consultation with the Commissioners. The pay of these officers should also be fixed by the Commissioners at a meeting subject to the approval of the Local Government.

The words "financially punished" have been omitted from *sub-clause* (*3*) as it is necessary to leave this form of punishment in the hands of the Commissioners.

Sub-clause (*4*) has been revised so as to provide that except in the case of Sanitary Inspectors the provision about the appointment of Executive Officer, Secretary, etc., shall not apply to municipalities whose income is less than fifty thousand rupees.

Clause 67 (2).—The change made is purely verbal.

Clause 68.—The addition in *sub-clause* (*2*) is to provide that a breach of this section should be also punishable. A fine of Rs. 250 has been provided in section 486.

Sub-clause (*3*) has been deleted as unnecessary.

Clause 69.—*Sub-clause* (*2*) has been recast to make it clear that except in the case of those appointments which are subject to the approval of the Local Government the authority which makes the appointments shall determine if the candidates are seriously in debt.

Clause 72.—The provision for holding meetings of the Commissioners at some convenient place other than their office has been omitted as being undesirable.

Clause 73.—*Sub-clause* (*2*) has been recast to make the intention clearer and to enable any three Commissioners of the municipality to call a requisition meeting.

Clause 76.—The words "conduct or" have been omitted in order to enable the Commissioner whose conduct is under discussion to vote on the question.

Clause 78.—A definite period of seven days has been laid down for transmission of a copy of the minutes of proceedings.

Clause 84.—*Sub-clause* (*a*) has been amplified to include a power to make a rule as to the period of notice of municipal meetings.

Clause 86.—This clause has been revised, the provision about submission of the administration report through the District Magistrate being omitted. Provision has, however, been made for a copy of the report being sent to the District Magistrate.

In *sub-clause* (*3*) the control of the Local Government about the manner of publication of the report has been eliminated as undesirable.

New clause 86A.—This new clause has been inserted as it is desirable to give the Commissioners power to hold and acquire movable and immovable properties within or without the municipality.

Clause 90 (2).—A necessary drafting alteration has been made.

Clause 92. –In *sub-clause* (*2*) the limit of contracts has been reduced to two hundred rupees in order to minimise abuse of powers.

In *sub-clause* (*4*) the Vice-Chairman has been included in order to fill in an obvious omission.

Clause 93.—The Chairman and Vice-Chairman have been included so as to stress their liability more definitely.

In respect of institution of suits under this section the sanction of the Commissioners at a meeting has been substituted for that of the Local Government in order to retain freedom of action by the Commissioners.

Clause 95.—The reference to a branch bank has been omitted as unnecessary.

Clause 97.—*Sub-clauses* (*1a*), (*xiva*), (*xxxia*), (*xxxib*) and (*xxxic*) have been inserted in order to amplify the purposes of the section.

In *sub-clause* (*xv*) the scale of expenses has been left to the decision of the Commissioners at a meeting in order to give more freedom to the Commissioners.

In *sub-clause* (*xxiii*) provision has been made for giving assistance to libraries and museums.

Sub-clause (*xxviii*) has been revised, the provision as to trading in foodstuffs, etc., being omitted as it is considered unnecessary.

Clause 98.—The reference to an officer authorised by the Government has been omitted.

Clause 99.—This clause has been revised to include a local authority in order to enable such an authority to transfer to the Commissioners the management of institutions, etc.

Clause 100. –*Sub-clause* (*2*) has been amplified as it is desirable to include "any specified purpose" within it.

Clause 101.—This clause has been revised in order to follow the alterations made in the definition of year in *clause 3* (*58*).

Clause 101A. This new clause reproduces section 73 of the existing Act and safeguards a very valuable right of the tax-payers.

Clause 110.—The last portion of *sub-clause* (*a*) has been deleted in order to minimise the control of the Government over municipal Commissioners in respect of carrying out their duties under the Act.

Sub-clause (*e*) has been restricted in its operation to the works referred to in *clause 106* only. In all other works the discretion of the Commissioners will remain unfettered.

Clause 111.—*Sub-clause* (*f*) has been redrafted so as to leave it to the Commissioners to fix the rates of taxes mentioned in Schedule IV unhampered by Government control.

Sub-clause (*1*) has been omitted as it is considered undesirable to give a general power of taxation to the Commissioners even with the sanction of the Government.

Clause 112.—The proviso to *sub-clause* (*1*) (*a*) giving power to impose a higher rate of tax on holdings has been omitted as this is not considered desirable.

In *sub-clause* (*1*) (*b*) the drafting has been altered to make the intention clearer.

Clause 113.—The alteration in proviso (*i*) of *sub-clause* (*1*)·(*a*) is a purely drafting one.

In *sub-clause* (*2*) (*c*) the rate of water and lighting rates have been definitely fixed. The power to fix higher rates with the sanction of the Local Government has been omitted as being undesirable.

In *sub-clause* (*1*) (*d*) the alteration removes unnecessary words.

Clause 114.—The alteration in *sub-clause* (*1*) (*b*) merely omits certain words as unnecessary.

In *sub-clause* (*1*) (*c*) the maximum rate of the conservancy rate has been fixed. For reasons given in *clause 112* the power to impose a higher rate has been omitted.

In *sub-clause* (*3*) the alterations made are with a view to bring this into line with *sub-clause* (*2*).

Clause 116.—*Sub-clause* (*2*) has been revised to give a more simple method of calculating the annual value of holdings.

Sub-clause (*4*) has been omitted as it is not considered desirable to give power to the Local Government to abrogate *sub-clause* (*2*) in any municipality.

Clause 117.—The expression "the decision of the Commissioners shall be final" has been omitted as being undesirable.

Clause 121.—The alteration removes certain words which are considered unnecessary.

Clause 124.—The opening words have been revised so as to give power to the Commissioners at a meeting.

In *sub-clause* (*1*) (*c*) the changes made will enable the Commissioners to reduce the valuation in suitable cases.

Clause 126.—The alteration in *sub-clause* (*1*) is to make the intention clearer.

For reasons given in the case of *clause 117* above the words "and the decision of the Commissioners shall be final" have been omitted from *sub-clause* (*3*).

Clause 131(2).—The addition made is to make it clear that the Assessor will have to be familiar with the local conditions.

Clause 135.—*Sub-clause* (*1*) has been altered to retain the power of hearing appeals against assessment with the Commissioners of the municipality. The provision about a person appointed by the Local Government being on the Committee has been deleted as undesirable. But to reduce the chance of abuse a provision has been added that the Commissioners who will hear the appeals should not be elected Commissioners of the ward from which appeals are being dealt with.

Clause 141.—The alteration made in *sub-clause* (*1*) follows the existing Act as it is desirable that a time limit for presenting the notice of demand should be in the statute.

The last sentence of *sub-clause* (*2*) has been revised to make the intention clearer.

In *sub-clause* (*3*) Vice-Chairman has been included for facility of work.

Clause 143.—The new *sub-clause* (*1a*) will enable one-fourth of the cost being realised when a warrant is issued but not executed. This removes a present want.

Clause 144.—For reasons given in the case of *clause 141* (*2*) the Vice-Chairman has been included in this clause.

Clause 171.—The Commissioners have been given the power to fix the rate of the registration fee at any sum not exceeding six rupees for the whole year as it is considered desirable to leave this decision with the Commissioners.

Clause 182.—The alteration made in this clause is made with a view to enable a person to use his own boat for crossing rivers without a certificate from the Chairman as to its suitability and without payment of toll.

Clause 193.—This clause has been recast to separate the provision about the lease of a toll-bar and a ferry. It is desirable in the case of the latter that the lease may, with the sanction of the Local Government, extend to nine years.

Clause 202.—*Sub-clause* (*c*) has been revised to include the fee referred to in *clause 143* (*1a*).

Clause 212.—The alterations made in the proviso to *sub-clause* (*1*) are mainly consequential.

Clause 215 (1).—The change made is for the purpose of laying down some standard to which the private streets are to conform. This standard may be different for different municipalities or even different in various parts of the same municipality. The reference to the Commissioner of the Division has been omitted in order to give greater freedom to the Commissioners. Consequential changes have been made in *clauses 214* (*1*) (*h*) and *216*.

Clause 222.—In *sub-clause* (*3*) the words "shop-boards" have been omitted as unnecessary.

Clause 227.—In *sub-clause* (*1*) a new *clause* (*1a*) has been added giving power to the Commissioners to remove any encroachments, etc., made without permission. This removes an existing defect. A small consequential change has been made in *clause* (*b*).

Clause 237.—In *sub-clause* (*1*) provision has been included for proper receptacles for rubbish to be supplied by the Commissioners. This is a necessary addition. The alteration in *sub-clause* (*2*) is consequential.

Clause 241.—In *sub-clause* (*1*) (*b*) the time of notice has been extended to six hours as being desirable.

Clause 248.—The period of "six hours" notice in *sub-clause* (*1*) has been omitted as in many cases this would frustrate the object.

Clause 250.—In *sub-clause* (*2*) (*b*) the District Magistrate has been substituted for the Commissioner of the Division as being more suitable.

Clause 252.—The proviso has been revised to make the intention clearer.

Clause 260.—In *sub-clause* (*1*) "drain" has been included, supplying an omission.

In *sub-clause* (*2*) the period has been increased to one month as in a work of such importance 15 days' notice is insufficient.

Clause 261.—A proviso has been added to supply an omission.

Clause 291.—In *sub-clause* (*iv*) the word "flood" has been substituted for "flush" to make the intention clearer.

Clause 317.—The word "shall" has been substituted for "may" to make it obligatory on the Commissioners to give an opportunity to the owner or occupier to show cause.

Clause 345.—Provision has been made in this clause for notice before entry for inspection.

In *sub-clause* (*2*) the "Local Government" has been substituted for the "Commissioner of the Division" as it is desirable to leave this power with the Local Government.

Clause 380.—In *sub-clause* (*a*) the words "in writing" have been omitted to suit present conditions.

In *sub-clause* (*b*) the words "minimum qualifications" have been added as desirable.

Clause 386.—The words "or otherwise acquire" have been added to *sub-clause* (*1*)(*a*) to make it more elastic.

Clause 402.—The word "habitually" has been prefixed to *sub-clause* (*1*)(*a*) to prevent casual sellers being required to take out a license. "Game and poultry" have been omitted as it is not desirable to include these.

The addition made at the end of *sub-clause* (*2*)(*b*) is with the object of excluding the common practice of selling fish on the bank of a river or tank from the operation of this sub-clause.

Clause 404.—*Sub-clause* (*1*)(*b*) has been deleted as the provision of *sub-clause* (*1*)(*a*) is considered adequate.

Clause 496.—The method of service mentioned in *sub-clause* (*c*) has been made applicable to the cases mentioned in *sub-clauses* (*a*) and (*b*) as being desirable.

Clause 498.—In proviso (*b*) the period of notice before entry into a dwelling house has been extended to 12 hours.

Clause 516.—In *sub-clause* (*3*) the words "and shall not be questioned in any court" have been added to prevent further litigation except in the case of *sub-clause* (*3*) of *clause 126*, *clause 506* and *clause 507*.

Clauses 356, *402*, *404* and *407* have been also excluded from this sub-clause, as these will be subject to a further appeal to the Local Government under the new *clause 516A*.

Clause 516A.—This new clause has been added to give a power of appeal to the Local Government in all cases of refusal to grant a license.

Clause 519.—The alteration in *sub-clause* (*1*) is a purely drafting one.

Clause 520.—In *sub-clause* (*2*) the period of limitation for the commencement of a suit has been extended from three months to six months.

Sub-clause (*3*) has been revised to follow more closely *section* 1(*3*) of the Public Authorities Protection Act, 1893. (56 & 57 Vict., c. 61.)

Clause 530.—The reference to subdivisional magistrates has been omitted as it is not desirable to entrust these officers with this power of inspection.

Clause 532.—The word "and" has been deleted to make the intention clearer.

Clause 534.—*Sub-clause* (*1*) has been revised to make it more elastic.

Clause 535.—*Sub-clause* (*1*) has been revised to make it clear that only in cases of proved incompetency, default, etc., action is to be taken under this clause. Similar alterations have been made in *clauses 537* and *538*.

In *sub-clause* (*2*) the words "of the Chairman and" have been added to supply an omission.

Clause 536.—The addition is made to remove a possible difficulty.

Clause 538.—The new proviso now added is to make it clear that a municipality is to be superseded ordinarily after the remedy in *clause 537* has failed. But it leaves the discretion of the Government unfettered when there is misappropriation of a municipal fund or presistent default.

Clause 539.—In *sub-clause* (*1*)(*b*) the words "Chairman and by the" have been added to supply an unintentional omission.

Sub-clause (*2*) has been recast to provide for three alternative actions by the Government after the order of supersession under *clause 538*. The Local Government has been given power to reconstitute the municipality even before the expiry of the period of supersession.

Clause 541 has been revised so as to provide that all disputes are to be referred to the Local Government for decision. Consequential verbal changes have been made in clauses 80, 81, 265, 270 and 290.

Schedule II.—Chittagong has been included in this Schedule as a fit case.

Schedule IV.—In *serial No. 1* a new item (*d*) has been included. There is no reason why companies with paid-up capital of one lakh of rupees or less should not pay a lower license fee of Rs. 20 per half year.

Serial No. 2 has been recast to include a higher rate of license fees for persons whose place of business is valued at not less than Rs. 100 per mensem.

Serial No. 3 has been included with No. 2 for the sake of convenience.

Serial No. 4 has been revised to levy a different rate of fee on the persons who pay and those who do not pay income-tax. The scale has been reduced to Rs. 20 and Rs. 10, respectively.

Schedule V.—Chittagong has been included as a fit case.

N.B.—The signatures of Khan Bahadur Maulvi Azizul Haque, Maulvi Abul Kasem, Mr. A. F. M. Abdur Rahman and Babu Jitendralal Bannerjee had not been received up to the time of printing the Report.

Minute of dissent by the Hon'ble Mr. B. P. Singh Roy.

I propose to put in my minute of dissent with regard to the following amendments recommended by the Select Committee:—

Clause 17A.—I consider that this clause as inserted by the Select Committee is vague and would be unworkable and I propose to move a suitable amendment in due course.

Clause 21 (2) (iv) (ia).—I think that the original clause in the Bill should be restored without the word "*tolls*" which should not form a basis of franchise.

Clause 26 (1) (vii) and (viii).—The deletion of the sub-clauses will in my opinion be a retrograde measure in view of the fact that there are almost similar provisions in the Bengal Electoral Rules and in the Calcutta Municipal Act; and as it is an accepted principle to introduce such safeguards against corrupt practices in all Election Rules of democratic bodies, I am of opinion that these sub-clauses should be retained.

Clauses 42 (3), (4) and (5), 43 (1), 49 and proviso to clause 57 (2) and 58 (2) (e).—I am of opinion that in the interest of better administration of local bodies these clauses as in the original Bill should be retained.

Clause 97 (1) (xxxia) and (xxxic).—These two new clauses as inserted by the Select Committee are likely to be abused in practice. I am therefore against their insertion.

Clause 135 (1).—This clause as in the original Bill was a distinct improvement on the existing arrangement. It was introduced with a view to remove a defect in the present Act. The presence of an outsider would add to the independence and impartiality of the appeal committee. The elected commissioners, who have to depend on the support of the electors, find themselves in a very embarrassing position in the appeal committees, and the interest of the municipality often suffers. It is therefore very desirable that this clause as in the original Bill should be retained.

Clause 530.—The Subdivisional Officer who is the administrative head of the subdivision, should not be deprived of the power to inspect municipalities within his jurisdiction. Moreover, it may not always be possible for the District Magistrate in a district like 24-Parganas, where there is a large number of municipalities, to inspect all of them within a year.

Minute of dissent by Babu Khetter Mohan Ray, M.L.C.

Clause 17A should be omitted from the Bill. Constitution of special electorates for minorities in municipalities is most unwise and not desirable. Communal representation is bad on principle. Though it has been allowed I should say most unwisely to the detriment of the interests of the country as a whole—in the legislative bodies, there can be no justification for its introduction in the municipal administration of the country. In matters of legislation, communities may have their difference and special interests to protect. But in parochial matter, there can be no such interest. This attempt to introduce communal representation in these institutions will widen rather than bridge the gulf that at present exists amongst different communities. Besides the rights of the minorities will be amply safeguarded by the right of nomination of commissioners by the Government under clause 15.

I do not see any reason for empowering again the Government to make provision for representation of the so-called minorities by rule.

Moreover, clause 17A, as it stands, gives unlimited power to undo the effect of salutary provisions of the Bill relating to the election of Commissioners by rate-payers by promulgation of rules which will be more or less of an arbitrary character.

Clause 21 (2) (iv) (ia).—The words "during the financial year, immediately preceding election" will give rise to points of controversy. Many rate-payers who have paid their taxes up to 31st March will be disenfranchised if election is held in the middle or latter part of the financial year. I think the words should be modified and substituted by the words "during the financial year immediately preceding the year in which such election is held."

By this clause payment of any sums, however small in amount, will entitle a person to vote at an election. No doubt, franchise has been extended by this clause. But in practical working, it will be very difficult to ascertain and correctly prepare voters' list and will give ample room for fraud and false personation. Besides it will entail large expenditure, not to speak of the trouble which would arise and the unusually long time which will be occupied in preparation of voters' list. In consideration of the present condition of the country I would prefer the retention of original sub-clause (*iii*) of the Bill in place of sub-clause (*ia*) with necessary modifications as stated above. At present the Government have prescribed by rule Re. 1-8 as the minimum sum, which was formerly Rs. 3. There should be ascertained minimum sum prescribed instead of any sum as determined by the Select Committee.

With regard to sub-clause (*b*) the minimum educational qualification should be the passing of the Intermediate Examinations in Arts or Science or their equivalent. This qualification should not be lowered.

Clause 49.—By this clause a Chairman may be denuded of all his powers which may be delegated to the Vice-Chairman or any officers mentioned in clause 69 by the Commissioners if they so choose. This is a tremendous power vested in the Commissioners. In some municipalities, it may so happen that the Chairman in strictly discharging his duties may incur the displeasure of some Commissioners whose personal interests are affected thereby. These Commissioners may combine and secure a bare majority to divest the Chairman of his powers. There should be a check on the exercise of this power. I would add the words "by a majority of the two-thirds of the whole member" after the words "for the purpose" in the second line of the first paragraph of clause 49

Clause 135 (3).—It is not uncommon that the decision of the Committee for revision of tax is *ultra vires* in some cases. In such cases, the party aggrieved must have some remedy. Therefore I would delete the words "and shall not be questioned in any court" in sub-clause (*3*) of clause 135.

I am of opinion that the scales of tax on trades, etc., as given in Schedule IV of the Bill are excessive. The scales of tax as fixed should be halved in each case mentioned in the table of Schedule IV.

Joint Minute of Dissent by Rai Keshab Chandra Banerji Bahadur, M.L.C., and Rai Satyendra Kumar Das Bahadur, M.L.C.

We sign the report subject to the following minute of dissent:—

Sub-clauses (*vii*) and (*viii*) of clause 26 (*1*) have been deleted by the Select Committee. We consider the retention of the sub-clauses essential as providing a useful safeguard against corrupt practices. Similar provisions have been made in the Bengal Local Self-Government (Amendment) Bill, 1932, and in Rules 4 and 5 of Part II of Schedule V to the Bengal Electoral Rules. If such provisions could find a place in the said Bill and in the Council Rules, there is no reason why they should be expunged from the Bengal Municipal Act.

In clause 86 (*2*) provision has been made for the consideration by the Commissioners at a meeting of the Annual Report on the administration of the municipality prior to its submission to the Local Government. The annual administration report is nothing but a statement of the actual works done by the municipality during the preceding year and as such the preparation and submission of the same to the Government should be left to the Chairman alone. This clause, therefore, should be modified accordingly. The present practice should continue.

Under proviso (*i*) to clause 128 (*1*), the application for refund of the amount paid for the period of vacancy of a holding is required to be made within six months from the date of delivery of the notice of vacancy. But it is only fair that the time of submitting applications for refund should be six months from the date of payment instead of from the date of delivery of the notice as otherwise those, who will fail to make payment within six months from the date of delivery of such notice owing to delay in the disposal of the notice or any other reason, will not be entitled to any refund. The clause should be modified accordingly.

A provision should, in our opinion, be inserted in the Bill so as to disqualify a candidate for appointment in a municipality if he is related to any of the Municipal Commissioners. The appointment of a relative of a Municipal Commissioner is objectionable for obvious reasons and has been responsible for much abuse in the past in many of the local bodies. We have a bitter experience of it. This should be prevented by all means.

Joint Minute of Dissent by Munindra Deb Rai Mahasai, M.L.C., Rai Satyendra Kumar Das Bahadur, M.L.C., and Rai Keshab Chandra Banerji Bahadur, M.L.C.

We sign the report subject to the following minute of dissent:—

We are not in favour of introduction of any special form of representation of any class or community in the municipalities. The new clause 17A of the Bill suggests that the Local Government may by rule make necessary provision for representation of minorities within municipalities. The wording of this clause is beautifully vague. While we would have no objection to the representation of minorities by nomination, we would certainly oppose any system of special representation by election. This clause, therefore, should be so modified as to provide for minority representation only by nomination. Under section 15 (*i*) of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), a person is entitled to vote at a municipal election if he has during the year

immediately preceding such election paid in respect of any rates an aggregate amount of not less than three rupees. But clause 21 (*2*) (*iv*) (*ia*) of the Bill seeks to make a person eligible to vote at a municipal election if he has paid "any sum" in respect of municipal rates, etc. We are of opinion that the qualification of payment should be limited to annas eight only.

We consider that further lowering of the franchise in municipal areas is unnecessary in the present circumstances as the minimum qualification suggested above on the basis of actual payment will enfranchise a very large number of people and thereby secure the representation of ratepayers on a democratic basis.

Clause 21 (*4*) and (*5*) debars a member of a joint family from exercising his right of franchise as such even though he may have paid municipal rates, tolls, fees and taxes according to his own share jointly with his co-sharers. This we consider to be unfair and a negation of democracy. In our opinion every member of a joint family should have the right to vote at a municipal election if he has paid his share of rates, taxes, etc., along with his co-sharers provided that he is qualified under sub-clauses (*i*), (*ii*) and (*iv*) (*ia*) of clause 21 (*2*). The same argument applies to partners of a firm who should be given the right to vote in their capacity as partners.

Clause 49 of the Bill provides for the delegation to the Vice-Chairman or to the holder of any of the other offices referred to in sub-clause (*1*) of clause 69, of all or any of the duties or powers of a Chairman as defined in the Act by the Commissioners at a meeting. In our opinion, the powers should be delegable to the Vice-Chairman by the Chairman himself. Under the Act the Vice-Chairman has no independent existence except that he has got certain statutory duties to perform in regard to the Assessment, Collection and Accounts Departments; he derives his other powers from the Chairman. If the delegation of powers to the Vice-Chairman is made by the Commissioners at a meeting, then this will be a fruitful source of party faction in the municipalities which should be avoided by all means. Section 45 of the present Act should, therefore, be substituted for clause 49.

The Chairman is the executive head of the municipality and is responsible for its administration; he should be given a free hand in the performance of his duties without let or hindrance Any interference by the Commissioners is likely to create a deadlock in administration and hamper the working of the municipality.

In clause 138, a proviso should be added to the effect that a rebate of half an anna in the rupee will be granted for payment of a sum not exceeding Rs. 50 per annum within fifteen days of the service of the notice of demand. This provision is proposed to be inserted to facilitate the collection of taxes. The amount has been limited to Rs. 50 advisedly for the benefit of the poor tax-payer and to provide against unnecessary depletion of the municipal finances on account of rebate on large sums of money of which advantage will be taken by the more well-to-do among the ratepayers at the cost of the municipality.

Minute of Dissent by Khan Bahadur Maulvi Muazzam Ali Khan, M.L.C.

I object to the deletion of sub-clause (*2*) of clause 18 and to the addition of proviso (*ii*) to clause 24 as these decisions of the Select Committee will, in my opinion, seriously affect the representation of the minority section in the municipality. With a view to affording an opportunity of fair representation of all classes these two clauses should be allowed to stand as they were in the original Bill. In urban areas where one class of people generally preponderates, these safeguards are essentially necessary.

Minute of Dissent by Mr. S. M. Bose, M.L.C.

I sign the Report subject to minute of dissent on two points of principle reserving criticism as to details.

(*a*) *Clause 17A.*—This, in my opinion, is dangerously vague and wide, and may mean anything or everything. It is much more wide and vague than the old clause 18(*2*), which it has replaced. The existing power of the Local Government to redress inequalities in representation by nomination may be made more definite.

(*b*) The Select Committee have omitted sub-clauses (*vii*) and (*viii*) of clause 26 (*1*) regarding hiring of conveyance by candidates for voters. These, in my opinion, should be restored. The above provisions are to be found in all modern rules for election to legislative and local bodies in India, and are very salutary. Though they may not always be observed very strictly now there is no reason why they should not be inserted when we are recasting the Municipal Act. They form a salutary safeguard against abuse of power by the rich, and in course of time I have no doubt that they will be insisted upon and observed.

Minute of Dissent by Mr. N. K. Basu, M.L.C.

I sign the Report subject to the following minute of dissent:—

Clause 17A.—This does not represent the view of a majority of the Select Committee. It was inserted by a fluke. It is wholly mischievous.

Clause 20.—The deletion of sub-clause (*1*) (*a*) is in my submission unwise at the present time.

Clause 109.—Sub-clause (*3*) should be omitted.

I reserve my reasons for the Council.

Minute of Dissent by Khan Bahadur Md. Abdul Momen, M.L.C.

I sign the Report subject to the following minute of dissent:—

I object to the deletion of clause 18 (*2*) from the Bill and want it to be restored in its original form.

Provided that no building-line shall ordinarily be prescribed for any street laid out and made before the commencement of this Act.

(*2*) Every such notice shall specify a period within which objections will be received, and a copy of such notice shall be sent by post to every owner of premises abutting on such street who is registered in respect of such premises on the books of the municipality :

Provided that failure or omission to serve such notice on any owner shall not invalidate proceedings under this section.

(*3*) The Commissioners shall consider all objections received within the said period and shall hear any objector who comes forward within such period as they may fix in this behalf, and may then make an order prescribing a building-line or a street alignment or both a building-line and a street alignment for such public street.

A register or book with plans attached shall be kept by Commissioners showing all public streets in respect of which a building-line or street alignment has been prescribed, and such register shall contain such particulars as to the Commissioners may appear to be necessary and shall be open to inspection by any person upon payment of such fee as may from time to time be fixed by the Commissioners at a meeting.

Provided that the Commissioners at a meeting may in their discretion, permit additions to a building to be made within a street alignment, if such additions merely add to the height of, and rest upon, an existing building or wall, upon the owner of the building executing, if required to do so by the Commissioners, an agreement binding himself and his successors in interest—

(*a*) not to claim compensation in the event of the Commissioners at any time thereafter calling upon him or such successors, by written notice to remove any addition made to any building in pursuance of such permission, or any portion thereof, and

(*b*) to pay the expenses of such removal.

(*2*) Any land taken possession of under sub-section (*1*) shall forthwith be added to and become part of the said street, and shall vest in the Commissioners.

Explanation.—The expression "direct damage," as used in sub-section (*1*) with reference to land, means the market value of the land taken and the depreciation, if any, in the ordinary market value of the rest of the land resulting from the area being reduced in size ; but does not include damage due to any particular use to which the owner may allege that he intended to put the land, although such use may be injuriously affected by the reduction of the site.

[*Cf.* U. P Act II of 1916, s. 263 (2); Ben Act III of 1884, s. 244T.]

(*2*) If any notice issued under sub-section (*1*) is not duly complied with, the Commissioners may, with the assistance of the police if necessary, take such steps as they may deem needful in order to stop the continuance of the unlawful work.

(*3*) If it appears to the Commissioners that it is necessary in order to prevent the continuation of the unlawful work, to depute any police or municipal officer to watch the premises, the cost of providing the same shall be borne by the person to whom the said notice was addressed.

CHAPTER X.

Bustees.

Preliminary.

Application of Chapter X.

319. The provisions contained in this chapter shall not apply to any municipality, unless and until they have, been wholly or in part been extended thereto by a notification issued by the Local Government in this behalf: [*Cf.* Ben. Act III of 1884, s. 220.]

Provided that in the case of any municipality to which the provisions of Part VI of the Bengal Municipal Act, 1884, corresponding to any of the provisions of this chapter are in force immediately before the commencement of this Act, all the said provisions of this chapter shall be in force in such municipality without being expressly extended thereto.

Power to Commissioners to define limits of *bustee*.

320. (*1*) The Commissioners at a meeting may define the external limits of any *bustee*, and may from time to time alter such limits. [*Cf.* C. M. Act, s. 335.]

(*2*) None of the powers conferred by any of the following sections of this chapter shall be exercised in respect of— [*Cf.* C. M. Act, s. 336.]

(*a*) any *bustee* the total area of which, as comprised within the limits defined under sub-section (*1*), is less than two bighas, or

(*b*) any masonry building existing in a *bustee* at the time when a standard plan is approved or alignments are prescribed under the provisions of this chapter for such *bustee* as the case may be.

Sanitary measures with regard to bustees.

Power of Commissioners as to inspection of huts.

321. (*1*) If it appears to the Commissioners at a meeting that the condition of any *bustee* is insanitary or attended with risk of disease to the inhabitants of the neighbourhood, by reason of the manner in which the huts are constructed or crowded together, or of want of drainage, the impracticability of scavenging or for any other reason, they may after giving notice to the owners of the *bustee* cause the locality to be inspected by two persons appointed in this behalf, one of whom shall be registered medical practitioner or a person holding the diploma of Public Health and the other an engineer. [*Cf.* C. M. Act, s. 344; Ben. Act III of 1884, s. 245.]

(*2*) The said persons shall forthwith—

(*a*) sign and submit a written report on the insanitary condition of the said *bustee*,

(*b*) annex to the report a plan approved by them as the standard plan of such *bustee*, and

(*c*) specify in a schedule to be attached to the said report, as the improvements considered necessary to remove or abate the insanitary condition of the *bustee*,—

(*i*) the huts which, should wholly or in part be removed;

(*ii*) the streets, passages, drains and sewers which should be constructed;

(*iii*) the means of lighting, water-supply, common bathing arrangements and common privy accommodation to be provided for the use of tenants;

(*iv*) the tanks, wells and low lands which should be filled up; and

(*v*) any other improvements they consider necessary in order to remove or abate the insanitary condition of the *bustee*.

A report (together with the schedule annexed thereto) made and signed under this section shall be sufficient evidence of the result of such inspection.

(Chapter X.—Bustees.—Clauses 322—325.)

Power to serve notice.

322. On receipt of the said report, the Commissioners at a meeting after hearing the objections (if any) of the owners of the *bustee* in respect of which the report has been made may approve the plan and schedule after making such modifications (if any) therein as they may think fit and may require the said owners or the owners or occupiers of the huts referred to in sub-clause (*i*) of clause (*c*) of sub-section (*2*) of section 321, or both of the owners of the *bustee* and the owners and occupiers of the huts, to carry out and execute, within a time to be fixed by the Commissioners for such purpose, all or any of the works specified in the aforesaid schedule or any portion thereof, respectively. [*Cf.* Ben. Act III of 1884, s. 246.]

Payment of expense incurred in carrying out improvements.

323. When any improvements required by a notice under section 322 are carried out by the Commissioners under the provisions of this Act, all expenses incurred thereby, including such reasonable compensation as the Commissioners at a meeting may think fit to pay the owners or occupiers of huts removed, shall be paid by the owners of the *bustee*, to the Commissioners, and shall constitute a charge upon such *bustee* : [*Cf.* C. M. Act, s. 347; Ben. Act III of 1884, s. 247.]

Provided that, notwithstanding anything contained elsewhere in this Act, if it appears to the Commissioners at a meeting that any such owner is unable, by reason of poverty to pay such expenses, or any portion thereof, in the case of expenses relating to work, which should in the opinion of the Commissioners have been done by the owners or occupiers of huts within the *bustee*, they may order the same or any portion thereof to be paid out of the Municipal Fund, and in the case of expenses, which should be paid by the owner of the *bustee*, they may order the same or any portion thereof to be advanced out of the Municipal Fund, but thereafter to constitute a charge upon such *bustee*.

Disposal of material of huts pulled down.

324. (*1*) If in carrying out any improvements required by a notice under section 322, the Commissioners cause any hut or portion of a hut to be pulled down, they shall— [*Cf.* C. M. Act, s. 348; Ben. Act III of 1884, s. 248.]

(*a*) cause the materials of such hut or portion of a hut to be given to the owner of the hut, if such owner elects to take them, or

(*b*) If the owner does not elect to take the materials, or if the owner be unknown or the title to the hut be disputed, cause such materials to be sold, and hold in deposit the proceeds of the sale, together with any sum awarded as compensation under section 323.

(*2*) Any amount held in deposit under clause (*b*) of sub-section (*1*) shall be so held by the Commissioners until any person obtains an order from a competent Court for the payment to him of such amount.

Power to purchase or acquire masonry buildings or lands in *bustee*.

325. (*1*) Any masonry building in a *bustee*, and any land appertaining to such building which it may be necessary to purchase or acquire for the purpose of making the streets or of passages, or of effecting any of the improvements specified in the schedule referred to in section 321, shall be shown in the standard plan referred in that section, and the Commissioners may at any time after the receipt of the report made under that section, purchase or acquire— [*Cf.* C. M. Act, ss. 344 (*d*) (*f*), 349.]

(*a*) any such masonry building, or

(*b*) any land appertaining to such building, or

(*c*) any such building, together with the land appertaining thereto or any portion thereof,

which is mentioned in that behalf in the schedule.

(*2*) Save as is provided in this section none of the powers conferred under the provisions of this chapter shall be exercised in respect of any building or land referred to in clauses (*a*), (*b*) or (*c*) of sub-section (*1*), but the fact that a masonry building is situated in a *bustee* shall not prevent action being taken with reference to such *bustee* under the provisions of this chapter.

Streets and passages shown in standard plan, if not public streets to remain private.

326. (*1*) Every street or passage in a *bustee* which is shown in a standard plan approved under this chapter for that *bustee* and which is not already a public street shall, unless the Commissioners and the owners of the land on which such street or passage is situated otherwise consent as provided in section 216, be deemed to be a private street; and the portion thereof which falls on the land of each owner shall belong to such owner: [*Cf.* C. M. Act, s. 354.]

Provided that any portion of any such street or passage which is situated on land purchased or acquired by the Commissioners under section 325 shall remain the property of the Commissioners.

(*2*) Every such private street shall, at all times, be kept open for scavenging purposes and for all other purposes of this Act in such manner as the Commissioners may require, and shall also be kept open for the use of all the tenants of the *bustee*:

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, no use of any such street shall, by reason of any lapse of time, be held to confer a right-of-way on the public so as to bring the street within the definition of a "public street." IX of 1908.

Bathing arrangements and privy accommodation in *bustee*, as shown in standard plan, to be kept open for use for tenants.

327. The bathing arrangements and privy accommodation in a *bustee*, which are shown in the standard plan approved under this chapter for such *bustee* as being common to the use of all or some of the tenants of the *bustee*, shall at all times be kept available for the use of such tenants: [*Cf.* C. M. Act, s. 355.]

Provided that, notwithstanding anything contained in the Indian Limitation Act, 1908, if at any time the land on which any such bathing arrangements or privy accommodation are provided ceases to form part of such *bustee*, no such use shall, by reason of any lapse of time, be held to confer any right on any person so as prejudicially to affect the rights of the owner of such land.

Owner of land in *bustee* to maintain certain conveniences on his land.

328. (*1*) The owner of any land in a *bustee* for which a standard plan has been approved under this chapter shall maintain in proper order and repair, to the satisfaction of the Commissioners, such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works on such land as may be shown in the plan. [*Cf.* C. M. Act, s. 356.]

(*2*) The Commissioners may, at any time, cause a written notice to be served upon such owner requiring him so to maintain such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water-supply and other works:

Provided that any convenience made by the owner of a hut for his own use shall, subject to such notice as aforesaid, be maintained by him, and not by the owner of the *bustee*.

Power to owner to take land out of the category of *bustee* in certain cases.

329. (*1*) The owner of any land included in a *bustee* and forming a separate holding may, at any time, whether or not a standard plan has been prepared for the *bustee*, notify the Commissioners in writing that he intends to remove all the huts standing on such land. [*Cf.* C. M. Act, s. 359.]

(*2*) The receipt of any such notice shall not debar the Commissioners from approving a standard plan of such *bustee*.

(*3*) From the date of such notice no application shall be entertained for erecting on such land any hut or adding to any hut standing thereon.

(*4*) Such owner shall, within six months after the date of such notice, or within such further time as the Commissioners at a meeting may from time to time allow, remove all huts standing on such land; and if he does not do so, the notice shall be deemed to be cancelled.

(*5*) When all such huts have been so removed, such land shall according to its situation either—

(*i*) be altogether excluded from the limits of the *bustee*, or

(*ii*) be shown, in a standard plan approved for the *bustee* under this chapter, as not being a part of such *bustee*:

Provided that if, in the standard plan, any street or passage is shown on such land, the provisions of sections 326 and 328 shall, with all necessary modifications, be deemed to apply to such street or passage, unless the Commissioners at a meeting otherwise direct.

(*6*) If after all the huts have been removed under sub-section (*4*) any application is received for erecting any hut on such land, the Commissioners may, by written notice, require the owner of the land to carry out such improvements included in the standard plan as they may think fit.

(*7*) When all the huts standing on any land within a *bustee* have been removed under sub-section (*4*), the Commissioners at a meeting may either—

(*a*) cancel the standard plan (if any) already approved, under this chapter, for such *bustee*, or

(*b*) modify such plan, after hearing the objections (if any) of any owner of land included in such *bustee*.

(*8*) When any land, formerly included in a *bustee*, ceases to be so included, and where any street or passage was shown on such land in the standard plan, and where, on such land ceasing to be so included, the Commissioners at a meeting do not consider it to be practicable, or do not consider it to be expedient to change the alignment of such street they shall, in applying the proviso to sub-section (*5*) to such street, compensate the owner of such land for any area that is included in such street, which is in excess of one-seventh of the entire area of the land, which ceases to be included in the *bustee*.

Power to Commissioners to prescribe alignments for *bustee* streets.

330. (*1*) In any *bustee*, in respect of which a standard plan has not been prepared, or in any area in which it appears to the Commissioners that huts are likely to be erected, the Commissioners at a meeting may after hearing the objections, if any, of any owner of land in such *bustee*, prescribe alignments, not more than sixteen feet in width, for such private streets as they may think fit. [*Cf.* C. M. Act, s. 360.]

(*2*) When the land within such *bustee* or area is owned by more owners than one, each owning one or more separate plots of such land, such alignments shall as far as practicable be so prescribed as not to occupy, within any such plot, more than one-fifth of the area thereof, and shall not ordinarily be less than two hundred and fifty feet apart.

(*3*) If, in any such plot, more than one-fifth of the area thereof is occupied by such alignments, the Commissioners shall pay reasonable compensation to the owner of the plot:

Provided that no such compensation shall be paid in respect of any such plot as long as any hut or other structure other than a masonry building is left standing in the plot within any such alignment.

(*4*) No hut or portion of a hut shall be erected within any alignment prescribed under sub-section (*1*).

(*5*) The provisions of section 326 shall, with all necessary modifications, be deemed to apply to every street, the alignment for which has been prescribed under this section.

Power to Commissioners to require removal of existing huts within street or hut alignment in *bustee*.

331. (*1*) In any *bustee*, at any time after the expiration of seven years from the time when any alignment has been prescribed for a street or for huts under section 330 the Commissioners at a meeting may, by written notice, require the owner of the land or the owners or occupiers of existing huts to remove such huts or portions thereof as fall— [*Cf.* C. M. Act, s. 361.]

(*i*) within any such prescribed street alignment, or

(*ii*) within six feet on either side of any such prescribed hut alignment,

as the case may be.

(*2*) When a hut has been removed under the provisions of sub-section (*1*) the Commissioners at a meeting shall pay to the owner thereof such compensation as they may consider to be reasonable, but such compensation shall in no case exceed the value of the hut less the value of the materials thereof.

Power to Commissioners to require space to be kept between masonry building in *bustee* and centre line of *bustee* street.

332. Any person who erects a masonry building— [*Cf.* C. M. Act, s. 362.]

(*a*) in any *bustee* in respect of which a standard plan has been approved under section 322, or

(*b*) in any *bustee* or area in respect of which alignments for streets have been prescribed under section 330,

shall, if so required by written notice issued by the Commissioners at a meeting, leave a clear space of fifteen feet between the centre line of any street or passage shown in such plan, or of any street, the alignment for which has been so prescribed, as the case may be, and the nearest part of such building.

CHAPTER XI.

Purity of water-supply.

Power to set apart wells, tanks, etc., for drinking, culinary, bathing and washing purposes.

333. The Commissioners may by order published at such places as they think fit, set apart any tank, well, spring or water-course or any part thereof, vested in or under their control, or with the consent of the owner thereof, any tank, well, spring, or water-course or part thereof subject to any rights which the owner may retain with the consent of the Commissioners for any of the following purposes, namely,— [*Cf.* Ben. Act III of 1884, s. 199.]

(*a*) for the supply of water for drinking or for culinary purposes or for both, or

(*b*) for the purpose of bathing, or

(*c*) for washing animals or clothes, or

(*d*) for any other purpose connected with the health, cleanliness or comfort of the inhabitants,

and may by like order prohibit bathing or the washing of animals or clothes or other things at any public place not set apart for that purpose, or at any time or by a sex other than that specified in the order and may in like manner prohibit any other act by which water in public places may be rendered foul or unfit for use or which causes or is likely to cause inconvenience or annoyance to persons lawfully using such places.

Power to require cleansing of sources of water for drinking or culinary purposes.

334. The Commissioners may, by notice, require the owner of, or the person having control over, a private tank, well, spring or water-course or other place, the water of which is used for drinking or culinary purposes, to clean the same from time to time of silt, refuse or decaying vegetation, and may also require him to protect the same from pollution in such manner as to the Commissioners may seem fit, and in the case of a well to repair the same. [*Cf.* U. P. Act II of 1916, s. 225 (*1*); B. & O. Act VII of 1922, s. 229.]

Power to prohibit use of polluted water for drinking or culinary purposes.

335. If the Commissioners at a meeting after due inquiry are satisfied that the water of any tank, well, spring or water-course, or part thereof or other place, used or likely to be used for drinking or culinary purposes, is, if so used, liable to engender or cause the spread of disease, and that owing to its situation or other cause such place cannot effectively be protected from pollution, or if the owner of, or person having control over, any such place refuses or neglects to comply with a requisition of the Commissioners under section 334, the Commissioners may— [*Cf.* B. & O. Act VII of 1922, s. 230.]

(*a*) by public notice prohibit the use or removal of water from such place for drinking or culinary purposes during a period to be specified in the notice and take such steps as they may consider necessary to prevent the use or removal of water for such purposes, or [*Cf.* Ben. Act III of 1884, ss. 199A, 217.]

(*b*) in the case of a private well, require the owner of, or person having control over it to close it permanently or to fill it up with suitable material.

Power to inspect and disinfect sources of water used for drinking or culinary purposes.

336. The Commissioners or any person authorized by them in this behalf may, at all reasonable times, inspect and disinfect any tank, well, spring or water-course or other place from which water is, or is likely to be taken for drinking or culinary purposes. [*Cf.* U. P. Act II of 1916, s. 226.]

Analysis of water for drinking or culinary purposes.

337. (*1*) The Local Government may make rules to provide for the proper analysis of the water of any water-works, tank, well, spring or water-course or other place, used or likely to be used for drinking or culinary purposes in any municipality and in particular may— [New.]

(*a*) require the Commissioners to make over at such times and places and to such person or persons as the Director of Public Health may appoint

in this behalf, samples of water taken under such precautions and in such manner as the Director of Public Health may prescribe,

(*i*) from the water-works of the Commissioners where any exist, or

(*ii*) where no water-works exist or where any water used for domestic or culinary purposes is drawn from any tank, well, spring or water-course or other source of supply, then from any such tank, well, spring or water-course or other source of supply as the Director of Public Health may at any time specify in this behalf ;

(*b*) prescribe a scale of fees to be paid by the Commissioners for the analysis which shall be made of the aforementioned samples under the direction of the Director of Public Health.

(*2*) Where any tank, well, spring or water-course or other source of supply is not within the control of the Commissioners, they shall nevertheless have full power to take water in such manner as they may think proper from any of the above sources of supply for the purpose of furnishing samples to the Director of Public Health.

Application for analysis by Public Analyst of water for domestic purposes.

338. On the representation of two qualified medical practitioners or ten or more persons to the Commissioners of any municipality within whose jurisdiction they reside, that within the municipality the water in any tank, well, spring or water-course, public or private, used or likely to be used for drinking or culinary purposes or for the manufacture of ærated or other drinks for human consumption is so polluted as to be injurious to health, the Commissioners shall forward a sample of such water to the Public Analyst for analysis at the cost of the Commissioners and if the Public Analyst certifies that such water, if used for drinking or culinary purposes, is liable to engender or cause the spread of disease, the Commissioners shall take measures to remedy the same or require the owner or person having control over such source of supply to take such measures for this purpose as to the Commissioners may seem fit, or if such source of supply cannot in their opinion effectively be protected from pollution, then the Commissioners shall make such order as they think proper and are empowered to make under this Act : [*Cf.* P. H. English Act 1875, s. 70.]

Provided that if the Commissioners are of opinion for reasons to be stated in writing that any representation made under this section is frivolous or vexatious, they may, before forwarding a sample of the water to the Public Analyst, require the persons making the representation to deposit the cost of the analysis, which shall be refunded in the event of the Public Analyst granting the certificate referred to in this section.

Fees for analysis of water.

339. Where the Commissioners have appointed a person to be the Public Analyst for the area under their control under section 3 of the Bengal Food Adulteration Act, 1919, the Local Government may, with the consent of the Commissioners, direct that any analysis prescribed under sections 337 and 338 of this Act shall be made by such analyst on the payment of such fees by the Commissioners for whom the analysis may be made, as the Local Government may fix. [New.] Ben. Act VI of 1919.

By-laws relating to public water-supply, etc.

Power to make by-laws.

340. The Commissioners at a meeting may make by-laws regulating the use of, and the prevention of nuisances in regard to, the public water-supply, bathing and washing places, streams, channels, tanks and wells. [*Cf.* Ben. Act III of 1884, s. 350 (*b*).]

CHAPTER XII.

Insanitary and Dangerous property.

Power to direct the filling up, etc., of unwholesome wells, pools, etc.

341. (*1*) When— [*Cf.* C. M. Act, Sch. XVIII, r. 7; Ben. Act III of 1884, ss. 199 and 200.]

(*a*) any well, pool, ditch, tank, pond, pit or marshy or undrained ground, or

(*b*) any cistern, reservoir or water-butt or any other receptacle or place where water is stored or accumulates, or

(*c*) any waste or stagnant water, whether within any private enclosure or not,

appears to the Commissioners to be or to be likely to become injurious to health or offensive to the neighbourhood, they may, by written notice, require the owner or occupier of the land or building to which such well, cistern, reservoir, water-butt or receptacle pertains, or of the land, as the case may be, in which such pool, ditch, tank, pond, pit, ground, place or water is situated, at the expense of such owner or occupier—

(*i*) to cleanse the same, or

(*ii*) to re-excavate the same, or

(*iii*) to fill up the same with suitable material, or

(*iv*) to drain off or to remove water from the same,

or to take such other order therewith as the Commissioners may deem necessary within such period as may be specified in the notice.

(*2*) If the Commissioners, in exercise of the powers conferred under this Act, execute any work referred to in a notice issued under sub-section (*1*), and if the person liable to pay the expenses of such work fails to pay the same, the Commissioners may, until such expenses are paid,—

(*i*) take over and let out on lease any part of the land used in connection with the said well, pool, ditch, tank, pond, pit, cistern, reservoir, water-butt, receptacle, place of water, or any part of the said ground, as the case may be, or

(*ii*) retain possession of the same, or the site thereof, and utilize it for public purposes.

(*3*) If the said expenses be paid by an occupier of land, he may in the absence of any agreement to the contrary deduct the same from any rent due to the owner of the land.

Power to Commissioners to regulate excavations.

342. (*1*) No person shall, within a municipality without the special permission of the Commissioners, make an excavation for the purpose of taking earth therefrom, or for the making of bricks or for the purpose of storing rubbish or offensive matter therein or dig any cess-pools, tanks, ponds, wells or pits : [*Cf.* C. M. Act, s. 448 and Sch. XVIII, r. 9; Ben. Act III of 1884, ss. 232, 270.]

Provided that the Commissioners at a meeting may make such general exemptions from the provisions of this section as may appear to them to be necessary for the public convenience.

(*2*) If any such excavation, cess-pool, tank, pond, well or pit is made or dug without the permission required under sub-section (*1*), the Commissioners may, whether the offender be prosecuted or not, by written notice require the owner or occupier of the land on which the same is made or dug to fill up the same with earth or other material approved by the Commissioners within such time as may be specified in the notice.

(Chapter XII.—Insanitary and Dangerous property.—Clauses 342A—346.)

Power to extend sections 341 and 342 beyond municipal limits.

342A. The Commissioners of a municipality may in consultation with any adjacent local authority and subject to the approval of the Local Government, extend the provisions of sections 341 and 342 to any area beyond the municipality and may make such provision as to costs for execution of any work in the area as may be agreed upon between the Commissioners and the local authority concerned.

Wells, tanks, etc., to be secured.

343. (*1*) If any well, tank or other excavation, whether on public or private ground, is, for want of sufficient repairs or protection, dangerous to passengers, the Commissioners shall forthwith cause a written notice to be served on the owner, if he be known and resident in the municipality, and also to be put on some conspicuous part of the premises or served on owners or occupiers (if any) of the land on which such tank, well or other excavation is situated requiring such owner or occupier forthwith properly to secure or protect such well, tank or other excavation. [*Cf.* Ben. Act III of 1884, s. 209.]

(*2*) The Commissioners may also, if it appears to them to be necessary so to do, cause a proper hoarding or fence or other means of protection to be put up at the cost of the owner or occupier of such land for the safety of the public.

Power to prohibit cultivation, use of manure or irrigation injurious to health, and to remove growth of water-hyacinth and other noxious plants.

344. If the Commissioners at a meeting after due inquiry, are satisfied that the cultivation of any description of crop, or the use of any kind of manure or the irrigation of land in any specified manner— [*Cf.* Pun. Act III of 1911, s. 120; C. P. Act XVI of 1903, s. 98.]

(*a*) in any place within the limits of the municipality, is injurious, [*or facilitates practices which are injurious*] to the health of persons dwelling in the neighbourhood, or

(*b*) in any place within or without the limits of the municipality, is likely to contaminate the water-supply of the municipality or otherwise render it unfit for drinking or culinary purposes,

or that any person is permitting the growth within or without the limits of the municipality of water-hyacinth, or such other noxious plant as may be certified in this behalf by the Local Government as being a danger to the health of persons resident within the limits of the municipality or to navigation within those limits,

the Local Government may, on receipt of an application from the Commissioners, by public notice, prohibit the cultivation of such crop, the use of such manure, or the use of the method of irrigation so certified to be injurious, or impose such conditions with respect thereto as may prevent the injury or, in the case of water-hyacinth or such other noxious plant as may be in this behalf notified, may impose such regulations as may secure the removal of the same :

Provided that, if the act prohibited has been practised in the ordinary course of husbandry at any time during the five successive years last preceding the date of the prohibition, compensation shall be paid from the Municipal Fund to all persons interested therein for any damage caused to them by such prohibition.

Power to inspect premises for sanitary purposes.

345. The Commissioners may inspect any building or other premises for the purpose of ascertaining the sanitary condition thereof : [*Cf.* C. M. Act, Sch. XVIII, r. 1 (*1*).]

Provided that no such inspection shall be made at night except by an officer specially authorized by the Commissioners in this behalf without giving reasonable notice.

Power to require cleansing and limewashing of building.

346. If it appears to the Commissioners necessary for sanitary reasons so to do, they may, by written notice, require the owner or occupier of any building inspected under section 345 to cause the same or any portion thereof to be lime-washed or otherwise cleansed, either externally or internally or both externally and internally. [*Cf.* C. M. Act, Sch. XVIII, r. 2.]

(Chapter XII.—Insanitary and Dangerous property.—Clauses 347—349.)

Power to require owners to clear noxious vegetation and to improve bad drainage.

347. Whenever any land being private property or within any private enclosure, appears to the Commissioners, by reason of thick vegetation, undergrowth or jungle, or inequalities of surface, or by want of drainage, to be in a state injurious to health or offensive to the neighbourhood or forming an impediment to sufficient ventilation, the Commissioners at a meeting may require the owners or occupiers or the owners and occupiers, of such land, within fifteen days to clear and remove such vegetation, or dress such surface or drain such land : [*Cf.* Ben. Act III of 1884, s. 195.]

Provided that, if for the purpose of effecting any drainage under this section it shall be necessary to acquire any land not being the property of the person who is required to drain his land, or to pay compensation to any other person, the Commissioners shall provide such land and pay such compensation.

Power to demolish, repair or secure wall, building or fixture in a ruinous state, etc.

348. (*1*) If any wall or building, or anything affixed thereto, be deemed by the Commissioners to be in a ruinous state, or likely to fall, or to be in any way dangerous, they shall forthwith cause a written notice to be served on the owner, if he be known and resident in the municipality, and also to be put on some conspicuous part of the wall or building or served on the occupier (if any) of the building requiring such owner or occupier forthwith to demolish, repair or secure such wall, building or thing as the case may require. [*Cf.* C. M. Act, Sch. XVIII, r. 4 ; Ben. Act III of 1884, s. 210.]

(*2*) The Commissioners may also, if it appears to them to be necessary so to do, cause a proper hoarding or fence or other means of protection to be put up at the expense of the owner of such wall or building for the safety of the public or the inmates thereof ; and may also, after giving them such notice as the Commissioners may think necessary, require the inmates of the building to vacate it.

(*3*) So far as they are in force in the municipality the provisions of this Act and of Schedule VI, and of any rules or by-laws made under this Act relating to buildings shall apply to any work done in that municipality in pursuance, or in consequence, of a notice issued under sub-section (*1*).

Power to prevent public danger, etc., from insecure or insanitary buildings.

349. (*1*) Whenever the Commissioners at a meeting consider— [*Cf.* C. M. Act, Sch. XVIII, r. 6 ; Ben. Act III of 1884, s. 242.]

(*a*) that any building is, by reason of its having no plinth or having a plinth of insufficient height, or by reason of the want of proper drainage or ventilation or by reason of the impracticability of cleansing, attended with risk to the health of the occupiers thereof or to the inhabitants of the neighbourhood or is, for any reason, likely to endanger the public health, or

(*2*) No person shall be entitled to compensation for damages sustained by reason of any action taken under or in pursuance of this section, save when the building is

(*3*) When any building is entirely demolished under this section and the demolition thereof adds to the value of other buildings in the immediate vicinity, the owners of such other buildings shall be bound to contribute towards the compensation payable to the owner of the first named building in proportion to the increased value accruing to their own premises.

The amount of such contribution and the proportions in which it is to be divided among the owners of such other buildings shall be determined by the Commissioners at a meeting and shall be recoverable as though it were a rate under the provisions of Chapter V.

(*4*) When any building though not entirely demolished under this section is demolished to the extent of more than half of its cubical contents, allowance shall be made in determining the compensation for the benefit accruing to the premises from the improvement thereof.

350. (*1*) If, for any reason, any building or portion of a building intended for, or used as, a dwelling place appears to the Commissioners at a meeting to be unfit for human habitation, they may require the owner or occupier of such building to make such alterations as they think necessary in the building in order to make it fit for human habitation, if they consider that this can be done, but whether they think it can be made fit for human habitation or not, they may, in either case, after giving the owner or occupier an opportunity of being heard, apply to a Magistrate to prohibit the further use of such building or portion thereof for such purpose ; [*Cf.* C.M. Act, s. 381; Ben. Act III of 1884, ss. 242, 244X.]

and the Magistrate shall serve a notice on such owner or occupier so as to give him an opportunity of being heard in the Court, and after such inquiry as he thinks fit to make may, by written order, prohibit the further use thereof, or may pass such other order as he may deem just and proper.

(*2*) When any such prohibition has been made, the Commissioners may—

(*i*) inspect such building by day or by night, and

(*ii*) take such order as may be necessary to preclude the further use of the same, or of the portion specified in the prohibition as a human habitation.

(*3*) When any such prohibition has been made, no owner or occupier of such building shall use, or suffer the same, or the portion specified in the prohibition, to be used for human habitation until—

and the said owner and occupier shall be entitled to be heard when the question is so taken into consideration.

(*2*) If, upon such consideration, the Commissioners are of opinion that the building has not been rendered fit for human habitation, and that the necessary steps are not being taken with all due diligence to render it so fit.

they shall cause a written notice to be served on the said owner and occupier and also to be put on some conspicuous part of such building, requiring such owner and occupier to demolish the building or any portion thereof as the case may be or to execute such work as in the opinion of the Commissioners at a meeting may be necessary to render the building fit for human habitation.

(*3*) If such owner or occupier undertakes to execute with due diligence the work necessary to render the building fit for human habitation, and the Commissioners consider that it can be so rendered fit for human habitation,

the Commissioners may postpone the operation of the said notice for such time as they think sufficient for the purpose of giving the said owner or occupier an opportunity of executing the necessary work.

Power to seize living things, etc., intended for human consumption which are diseased, etc.

412. (*1*) If in the course of an inspection of a place made under section 411 any such living thing appears to the Commissioners, or to Executive Officer, the Health Officer, Sanitary Inspector or other officer duly authorized by the Commissioners in this behalf to be diseased or if any article of food or drug appears to them or him to be unsound, unwholesome or unfit for human food or for medicine, as the case may be, or if any utensil or vessel used for preparing, or containing any such food or drug, which may be found in such place is of such kind or in such state as to render any food or drug prepared or contained therein unwholesome or unfit for human food or for medicine, as the case may be, [*Cf.* C.M. (*3*) A Magistrate shall not be bound to hear the owner of such food before passing an order under sub-section (*2*) and if in his discretion he deems it necessary to give a hearing to such owner, such hearing shall be merely for the purpose of determining whether such food is unsound, unwholesome or unfit for human food.

49. The plans shall be signed by the applicant.

(*b*) to satisfy him that there are no objections which may lawfully be taken to the grant of permission to execute the work.

68. If any information or plan required under rule 66 or rule 67 is, in the opinion of the Chairman, incomplete or defective, he may require further information or a fresh plan to be furnished.

69. If any requisition made under rule 67 or rule 68 is not complied with within two months, the application received under section 302 shall be refused.

7. The flooring placed in the bed of the channel under a private bridge must, as far as practicable, be laid at the same slope as that of the channel.

Pocket above bridge.

8. When a pocket for the deposit of *debris* is cut in the hillside above a private bridge, otherwise than in solid rock, such pocket must be lined with masonry walling.

Substitution of gratings for culverts.

9. When a small drain is crossed by a private road, a wooden or iron grating must, if the Commissioners so direct, be laid over the drain, instead of a covered culvert.

Provided that the width at the top shall in no case be less than one foot six inches and need not in any case exceed three feet six inches.
